

ACKNOWLEDGEMENT

The potentiality of a plant to grow is conceived within the seed but it also needs, a favourable environment without which the growth is quite impossible. Similarly, the completion and presentation of dream work is solely the result of my efforts and potentialities but it would have been quite impossible in the lack of proper environment. So, traditionally, I must not forget to acknowledge the contributions of others and express my deep sense of gratitude to them.

In this context, first of all I feel much obliged to profer my sense of gratitude, without ariere'-pencie', to my guide, an eminent laureate, Dr. A. C. SHARMA, READER, DEPARTMENT OF PHYSICS, M.S. UNIVERSITY, BARODA, for his benevolent instructions, constructive criticism and constant inspirations throughout my investigation that generated and created my potentialities and led to the successful cumulative culmination in the form of present work. I must accept, his invaluable drops of knowledge and infinite stream of guidance has played such a vital role that can not be expressed in words but may be realized.

Secondly, I pay my regards and thanks to Prof. D.R.S. SOMAYAJULU, the Head of the DEPARTMENT of PHYSICS, M.S. UNIVERSITY, BARODA, for his benign gesture, valuable advise and kind co-operation in providing various facilities.

I am deeply grateful and thankful to all respectable teaching staff and also non-teaching staff for providing their kind support.

I am too gratified and happy to acknowledge the incomparable and incredible assistance given by my intimate research colleagues, Mr. Keyur Vyas, Mrs. Aruna Bajpai, Mr. S. Parekh and Mr. Dhiren Shah. I am never forget their 'Tripartite Discussion' comprised of fruitful reasoning. Realizing their precious cooperation, I don't want to minimize it with thanks. I also acknowledge my sincere thanks to all of my research colleagues and well wishers for their help and moral support.

I sincerely, express my thanks to Mr. JITENDRA KEVAT and Mr. HARDEEP DESAI for their philanthropic assistance in all possible ways. Simultaneously, I am thankful to all the friends of VIKRAM SARABHAI HALL for providing healthy environment.

Also, I express my reverence to my motherland and parents. Though, I have no words to express my sentiments towards my esteemed parents, the prime-souls and source of potentialities but from the deep of my soul I profer my best regards to my respectable father Mr. K.S. TRIPATHI and beloved mother Mrs. K.S. Tripathi, the replicas of GOD and Goddess for me. I am proud of my brothers, sisters and relatives who always have been in constant contact to give their love, affection and moral support to me . So, I am thankful to their extraordinary, omnipotent and omnipresent selfless support.

I sincerely, express my thanks to "*Methodist Technical Institute*", Baroda for excellent type setting of this manuscript.

Last but not the least, I thank , ' The Department of Science and Technology, ' New Delhi, for their financial support in the form of fellowship.

So, once again I thank and pay my due regards to all the ' souls ' related to this success which was beyond the blue archway.
