

## CONTENTS

A summary of the thesis

A note on symbols

Chapter 1 : Introduction and experimental aspects 1

Chapter 2 : High energy methods used in slow electron scattering 35

Chapter 3 : Elastic scattering of fast electrons by atoms 92

Chapter 4 : Elastic scattering of fast electrons by molecules 177

Chapter 5 : Inelastic scattering of fast electrons by Atoms and Molecules 253

Chapter 6 : Summary and conclusions 350

Appendix 366
