

APPENDIX E

Criteria for high, low and moderate sharers

The range of sharing episodes observed was between minimum nil occurrence upto maximum 10 00 sharing episodes per child. Based on this range the high, moderate and low sharers were categorized for 120 minutes of observations per child.

High sharers 8 00 to 10 00 times

Moderate sharers 4 00 to 7 00 times

Low sharers 0 to 3 times
