

## List of Figures

Figure No.	Title	Page No.
1.	The Conceptual Framework	51
2.	Sample	57
3.	Pattern of observation	69
4.	Overall pattern of sharing by age, gender and ordinal position	77
5.	Nature of sharing in terms of age and gender	80
6.	Nature of sharing in terms of ordinal position	82
7.	Context of occurrence of sharing by focus child by age and gender	90
8.	Outcome of sharing by focus child in terms of ordinal position	97
9.	Sharing eatables in the preschool and home context	114
10.	Overall pattern of conflict occurrence by age and gender	125
11.	Overall pattern of conflicts in terms of ordinal position and Family Type	126
12.	Sources of conflict by Age	131
13.	Sources of conflict by Gender	134
14.	Reaction of focus children and peers in terms of gender	143

15.	Reaction of focus children in relation to family type	146
16.	Reaction of peers in relation to family type	147
17.	Overall perception of parents on morality	179
18.	Overall percentage of parental views on sanskars	182
19.	Parental perception on reaction of children on breaking rules	193
20.	Role of adult during children's conflict	207
21.	Parental perception on values of an ideal adult	217
22.	Conceptual framework emerging from results	222
