

APPENDIX 3

Dr. Chandra Katakya,
Professor of M.I.L.
J.B.College,
Jorhat- 785001.

C E R T I F I C A T E

I have the pleasure to certify that Mrs. Daisy Hazarika a Ph.D. student in the M.S. University, Baroda, had come to me for discussion and translation of her questionnaire pertaining to her research project. I had gone through the Assamese version of her questionnaire " Employed Women's Traditional and Modern Home-Making responsibilities in association with the Physical facilities, attitude and problems and inference for Home Science curriculum " and have suggested a few points and made necessary changes. I am highly satisfied with her questionnaire as well as to her approach to the project. I am confident that her work would be able to throw new light and motivation in the Home Science curriculum of our Indian Universities.
