

LIST OF FIGURES

Figure No.	Title	Page No
1.1	Schematic Representation of the Adopted Methodology	6
1.2	Geographical Setup of the Study Area	7
2.1	Litho-Tectonic Map along Tanakpur – Jipti Route Corridor (Kali River), Kumaun Himalayas	15
2.2	Regional Tectonic Map of Tanakpur – Jipti (Kali River) Route Corridor	21
2.3	Schematic Cross-sections Showing the Movement along Krol Thrust	23
2.4	Schematic Cross-sections Depicting Asymmetrical Nature of the Folding of the Crystalline Thrust Sheet (After Valdiya, 1980)	23
2.5	Litho-Tectonic Sequence Between Dharchula and Budhi, North Eastern Uttaranchal State	29
2.6	Litho-tectonic Map of Tawaghat – Jipti Route Corridor and its Environ	31
2.7	Comparative Structural Discontinuity Patterns of various Litho-stratigraphic Domains	62
3.1	Drainage Map of Tawaghat – Route Corridor	66
3.2	Geomorphic Attributes of Tawaghat – Jipti Route Corridor	72
4.1	Ground Surface Profile and Phases of Activation of Mangti Landslide	79
4.2	Geological Map of the Mangti Landslide Environ	81
4.3	Geological Cross Section – Mangti Landslide Environ	82
4.4	Map Showing Triangulation Network of Bench Marks Established at Mangti Landslide	84
4.5	Morpho-Structural Cross Section of Mangti Landslide	86
4.6	Geomorphic Attributes and DEM of Mangti Landslide	88

4.7	Structural Discontinuity Map Based on Scanline Survey of a Part of Mangti Landslide Region (Chainage 00 to 150m)	94
4.8	Location Map of Scanline Survey Investigation Sites along TJRC	103
4.9	Location Plan of Installed Open Stand Pipe Type Piezometers – Mangti Landslide	120
4.10	Time-lag Observation Plot of the Piezometers, Mangti Landslide	121
4.11	Subsurface Profiles Along Installed Piezometers – Mangti Landslide.	121
4.14	Vector Diagram on Observed Mass Movement, Mangti Landslide	125
4.15	Observed Annual Peripheral Changes in Mangti Landslide	126
5.1	Schematic Plan Depicting Sampling Locations of Disturbed Soil Samples, Mangti Landslides	131
5.2	Shear Test Plots of Piezometers Pit's Samples, Mangti Landslide	140
5.3	Plot of Horizontal Stress σ_3 Vs. Ultimate Bearing Load σ_1 (Vertical Stress)	145
6.1	Bar Plots Showing Annual Rainfall Pattern, Mangti Landslide Environ	151
6.2	Correlations of Observed Rainfall Hydrographs and Landslide Incidences, Mangti Landslide Environ	155-157
6.3	Correlations of Rainfall Triggering Threshold and Landslide Incidences, Mangti Landslide Environ	157
6.4	Seismo-tectonic Map of Kali River Corridor	163
7.1	Slice Discretization and Slice Forces in a Sliding Mass	168
7.2	2-D GeoSlope Model of Mangti Landslide Showing Typical Regions for Slope Stability Analysis	174
7.3(a)	Estimated Critical Slip Surface and Factor of Safety Under Natural Condition for Upper Level-Mangti Landslide	180
7.3(b)	Estimated Critical Slip Surface and Factor of Safety Under Complete Saturation for Upper Level-Mangti Landslide	181

7.3(c)	Estimated Critical Slip Surface and Factor of Safety Applying Seismic Loading Factor for Upper Level-Mangti Landslide	182
7.3(d)	Estimated Critical Slip Surface and Factor of Safety Under Complete Saturation and Applying Seismic Loading Factor for Upper Level-Mangti Landslide	183
7.4(a)	Estimated Critical Slip Surface and Factor of Safety Under Natural Condition for Lower Level-Mangti Landslide	184
7.4(b)	Estimated Critical Slip Surface and Factor of Safety Under Complete Saturation for Lower Level-Mangti Landslide	185
7.4(c)	Estimated Critical Slip Surface and Factor of Safety Applying Seismic Loading Factor for Lower Level-Mangti Landslide	186
7.4(d)	Estimated Critical Slip Surface and Factor of Safety Under Complete Saturation and Applying Seismic Loading Factor for Lower Level-Mangti Landslide	187
7.5(a)	2-D GeoSlope Slope Stability Model of Upper Level-Mangti Landslide	193
7.5(b)	2-D GeoSlope Slope Stability Model of Lower Level-Mangti Landslide	194
8.1	IRS 1D, LISS III + PAN Merged Satellite Image of TJRC	203
8.2	Digital Elevation Model Of Tawaghat-Jipti Route Corridor [SRTM+ (LISS III + PAN, IRS 1D)]	204
8.3	Discrete Element Polygon Map of Tawaghat-Jipti Route Corridor	210
8.4	Lineament Map of Tawaghat-Jipti Route Corridor	212
8.5	Slope Map of Tawaghat-Jipti Route Corridor	215
8.6	Slope Aspect Map of Tawaghat-Jipti Route Corridor	216
8.7	Landslide Distribution Map of Tawaghat-Jipti Route Corridor	220
8.8	Landuse/Landcover Map of Tawaghat – Jipti Route Corridor	221
8.9	Probabilistic Landslide Hazard Zonation Map of Tawaghat – Jipti Route Corridor	235

8.10	Schematic Diagram for Surface Drainage, Diversion Ditch & Interceptor Drain as Landslide Remediation Measure	240
8.11	Schematic Diagrams Suggesting Externally & Internally Stabilized Earth Retention Systems	245
8.12	Design of Reinforced Walls and Slopes Using Geosynthetic Reinforcement	246
8.13	Suggested Remediation's for Mangti Landslide	250
8.14	Techniques for Rock Slope Stabilization Measures	251
8.15	Rock Slope Reinforcement Methods	252
8.16	Schematic Cliff Section Depicting Rock-Removal Technique for Slope Stabilization	254
8.17	A Schematic Sketch of Flex-post Rock-fall Fence	255

POCKET MAPS

Map 1	Structural Map of Tawaghat – Jipti Route Corridor
Map 2	Landslide Hazard Zonation (EIA Map) of Tawaghat – Jipti Route Corridor, Uttarakhand State
