Below you will find some statements about your home, residence and parents. You are required to indicate to what extent each statement describes your home, residence or parents using the following three response categories.

- Against each statement there are three boxes corresponding to these three types of responses. Please tick mark (✓) the appropriate responses.

This is not a test, but only a survey to know the educational facilities available to students at their residences. Students differ widely in the facilities they have and therefore there are no right or wrong answers. What is wanted is only an answer that describes your home correctly to make some useful suggestions for providing suitable facilities for our students. Be sure to answer every statement.

Statement	Always or to a great extent	Some times or to some extent	Never or not at all
