

*Dedicated to
my mother
and fond memory
of my late father*

...the intellect, it is said, is man's highest instrument and he must think and act according to its ideas. But this is not true; the intellect needs an inner light to guide, check and control it quite as much as the vital. There is something above the intellect which one has to discover and the intellect should be only an intermediary for the action of that source of true Knowledge.
