

LIST OF FIGURES

Table No.	Titles	Page No.
3 1(a)	Conceptual Framework of Descriptive Study	38
3.1 (b)	Conceptual Frame Work of Experimental Study	38
3.2 (a)	Hypothetical Relationship of Variables for Descriptive Work	40
3 2 (b)	Hypothetical Relationship of Variables for Experimental Work	40
3.3	Map of Uttranchal Showing Locale of The Study	52
3 4	Schematic Representation of Sampling Design Adopted for The Study	54
3.5(a)	Equipments/Formulas Used for Measuring Physical Fitness of Women Farmers	63
3 5(b)	Equipments/Formulas Used for Measuring Work Load of Women Farmers	67
4 1	Body Map Used for Measuring Body Pain Experienced by Women Farmers	112
4.2	Graphical Representation of Body Discomfort Experienced-by Women Farmers	114
4.3	Graphical Representation of Cardio-Muscular Stress Experienced by Women Farmers.	123
4.4	Graphical Representation of Energy Expenditure Experienced by Women Farmers.	132
4.5(a)	Graphical Representation of Total Cost of Work TCCW	140
4.5 (b)	Physiological Cost of Work (PCW) of Women Farmers While Performing Various Activities	140
4 6	Graphical Representation of Muscular Stress Experienced by Women Farmers While Performing Various Critical Activities	147
