

AWARDS

1. “YOUNG SCIENTIST AWARD” for poster presentation at National symposium on “Recent trends in cellular research” on 9th March 2009 at Department of Biochemistry, Saurashtra University, Rajkot.

Title: Oxidative stress induced by methylmercury and its amelioration with Curcumin, Vitamin B complex, Glutathione and their Combination.

2. Travel award for poster presentation on “Structural studies on degradation determinant signals of ODC” at IIT, Bombay, 2011.
3. Second prize in Oral presentation on “Fluorescence studies on degradation determinant signals of ODC” at IIT, Pune, 2010.

ORAL / POSTER
PRESENTATIONS

Poster presentation:

INTERNATIONAL CONFERENCE:

1. Poster presentation on “Targeted protein degradation achieved through a combination of degrons from yeast and mammalian ornithine decarboxylase” at 29th Annual symposium of The Protein Society-2015, Barcelona, Spain.
Travel award from DST-SERB, DBT & CICS.

Oral presentation:

1. Oral presentation on “Structural characterization of degron peptides from ODC” in XXVI-Gujarat Science congress-2012, MSU, Baroda.
2. Oral presentation on “Effect of C-terminal degron tail on the stability of ubiquitin” in Regional Science congress-2012, MSU, Baroda.
