(Self Managed Learning Strategy)

NAME: _____ **CLASS:** _____
DATE: _____

You have been learning and practicing various skills and techniques to improve your self learning with the help of the modules given to you. The self managed learning strategy as a whole consisted of six modules aimed at developing your learning skills viz. Goal setting skill, Information location skill, Information processing skill, Information storing skill, Information retention skill & Information retrieval skill. Now that you have gone through all the modules, you might like to offer your valuable suggestions regarding the strategy as a whole. It would be of help to know your opinions and suggestions in finalizing the strategy.

A number of statements regarding the self managed learning strategy are given. Your opinion regarding these statements may differ in various degrees. You have to consider each of these statements separately and mark the extent each has helped you in improving your learning skills. The columns on the right hand side show five categories namely Strongly agree, Agree, Uncertain, Disagree and Strongly Disagree. You have to show the extent of your opinions regarding each statement by putting a tick (✓) mark against it in the relevant column. Please tick only in one of the column as per the extent of your liking.

If you have any special suggestions other than those given in the statements, please write them down in the space provided at the end of the questionnaire under the heading ‘ suggestions’.
