

## APPENDIX - II

### Gender Stereotype Scale

#### Instructions for Administration

Given below is a list of 40 personality traits (characteristics) in alphabetical order. Please read the list carefully and then indicate on a 7 point rating scale (as given below) the degrees to which each trait describes you.

A sample scale would be

1	2	3	4	5	6	7
Never of almost never true						Always or almost always true.

Therefore, if the trait is "self confident" and if you feel that you are extremely self confident give yourself a rating of seven. Please be sure to rate all the traits.
