

ACKNOWLEDGEMENTS

I take this opportunity to express my deep sense of gratitude to Dr. S. N. Padate, for his valuable guidance and constant help and encouragement from time to time during the course of my research work. But for his sustained interest in the problem this work could never have been completed.

It is indeed a great pleasure to thank Prof. C.H. Pathak, Head, Department of Botany, M. S. University, Baroda, for providing necessary facilities and for his continued encouragement during the course of this work.

I am also grateful to Prof. S. D. Sabnis, Department of Botany, M. S. University, Baroda, for giving valuable suggestions.

Confirmation of most of the specimens and library consultations were done at Bletter Herbarium, St. Xavier's College, Bombay and Herbarium of Botanical Survey of India, Western Circle, Poona. For these facilities, I have to thank prof. P. V. Bole of Bletter Herbarium and Deputy Director of Botanical Survey of India, Western Circle, Pune.

I am very much thankful to Dr. T.A. Rao, Ecologist, Botanical Survey of India, Howrah for sending me on loan most of the reprints of his work on the coastal vegetation of different coastal regions of India.

I record my sincere thanks to Mr. K. M. Shah, S.S.O., Engineering Research Institute, Soil Survey Division, Baroda, for providing necessary facilities to carry out the work pertaining to Soil Analysis of the samples collected from coastal areas of Gujarat.

Thanks are also due to Shri Ishwarbhai Patel and Prof. J. V. Joshi of Surat, Dr. Prabhakar More and Dr. Ramesh Patel of Valsad, who gave me all cooperation in arranging visits to coastal areas in their regions.

Research fellowship given by University Grants Commission is gratefully acknowledged.

I would like to thank Mr. P. T. Dindorkar for photographic work, Mr. P. S. Bhoite for typing work and Mr. M. C. Kulkarni for attending to the problems concerning the work.

The help rendered by all other colleagues in the department of Botany is gratefully acknowledged.

Baroda,
March , 1980.
