LISTS OF TABLES INCLUDED

- 1A- Rainfall data of Chhota-udepur forest division.
- 1B- Relative humidity recorded at Chhota-udepur forest division.
- 1C- Temperature recorded at Chhota-udepur forest division.
- 2 - Localities surveyed during the present study.
- 3A- Forest areas as per range, round and beets in Chhota-udepur forests division.
- 3B- Comparative aspects of forest areas.
- 3C- Number of villages having different range of open forest areas
- 3D- Number of villages having different range of degraded forest areas.
- 3E- Range wise forest cover using remote sensing data (Chhota-udepur forest division).
- 3F- Dominant species in dry teak forests.
- 3G- Dominant species in dry mixed deciduous forests.
- 4A- Cultivated plants in the area.
- 4B- Parasites found in the area.
- 4C- Economically important plants.
- 4D- List of additions to the flora of Chhota-udepur forest division.
- 4E- List of exotic weeds found in the area.
- 4F- List of plants with restricted distribution.
- 4G- Vegetative characters as identification key.
- 5A- Comparative account of tribal population within Gujarat state.
- 5B- Percent of SC's and ST's in Gujarat.

- 5C- Comparative tribal population of Chhota-udepur forest division.
- 5D- Population of each scheduled tribes and literates among them (Chhota-udepur forest division).
- 5E- Tribal population of three talukas in Chhota-udepur forest division.
- 5F- List of Weekly markets of tribals in Chhota-udepur forest division.
- 5G- List of major crops grown by the tribals of Chhota-udepur forest division.
- 5H- Tribal festivals at Chhota-udepur forest division.
- 6A- Data on NTFP's (1995-1997). Chhota-udepur forest division.
- 6B- Data on NTFP's (1997-1999). Chhota-udepur forest division.
- 6C- Data on NTFP's (1999-2001). Chhota-udepur forest division.
- 6D- Data on income generated by locals of 35 surveyed villages.
- 7A- Statistical synopsis of flora of Chhota-udepur forest division.
- 7B- Comparative analysis for order of dominance of plant families.
- 8A- Comparison of various floristic elements of the study area with the surrounding areas.
- 8B- Affinities of flora of Chhota-udepur forests with other floras.

LIST OF MAPS INCLUDED

- Map 1 : Entire Study Area.
- Map 2 : Chhota-udepur range.
- Map 3 : Dolariya range.
- Map 4 : Rangpur range.
- Map 5 : Panvad range.
- Map 6 : Kawant range.
- Map 7 : Jetpur-Pavi range.
- Map 8 : Localities surveyed during present study.
- Map 9 : Dominant tribal pockets of Gujarat state.

LIST OF PHOTOGRAPHIC PLATES

- Plate 1 : View of Dry deciduous forests, Rangpur range.
: Dry deciduous forests, Round Kevdi. Range Chhota-udepur.
: Dry deciduous forests, Pavi-Jetpur range of Chhota-udepur.
- Plate 2 : Forest stratification at Chhota-udepur forest division.
: Mixed deciduous forests. Range Dolariya of C-udepur forests.

- : View of forests after rains depicting dense herbaceous layer.
Round Kevdi of C-udepur forest division.
- Plate 3 : View of Vagasthal forests. C-udepur.
: Xerophytic scrub vegetation at Pavi-jetpur range. C-udepur.
: Geomorphological stratification of forests at Mithibor. Range Dolariya.
- Plate 4 : View of Jamli dam with thick forests. Range Dolayia. C-udepur.
: Sukhi dam on river Sukhi. Range Pavi-jetpur. C-udepur.
: View of Kusum Sagar lake with common vegetation. C-udepur.
- Plate 5 : View of river Orsang with Vagasthal hills in background.
: Cultivation in dry Orsang riverbeds: Village Chalamali. Range Pavi-jetpur. C-udepur forest division.
: Cultivation in dry Narmada riverbeds. Kawant range. C-udepur.
- Plate 6 : Dry mixed deciduous forests. Dolariya range.
: Dry mixed deciduous forests after rain. Rangpur.
: Dense forests of Dun, Mai and Richhvel. Dolariya range.
- Plate 7 : View of deciduous forests. Kevdi. C-udepur forest division.
: Hilltop vegetation. Range Kawant. C-udepur.
: View of most dense forests area. Range Dolariya. C-udepur.
- Plate 8 : Cultivation of Hibiscus esculentus Linn. Malu village near Tejgadh.
: Cultivation of Cajanus cajan Linn. at Limbani village. C-udepur.
: Cultivation of Zea mays L., at C-udepur. One of the most popular site.
- Plate 9 : Mature bark. Bombax ceiba Linn.
: Spiny bark. Bridelia retusa (L.) Spreng.
: Gigantic and Smooth bark. Adansonia digitata Linn.
- Plate 10 : View of tribal communities of C-udepur.
: Koli Rathawa tribal farmer in agricultural field.
: View of original tribal culture. C-udepur.
- Plate 11 : Tribal fair at Panvad range. C-udepur.
: Local tribal market at village Rangpur Sadhli. Range Rangpur.
: Local tribal market at Devhant-Gadh Bhikapura. C-udepur.
- Plate 12 : Agriculture. Major occupation of tribals at C-udepur.
: View of local potter making earthen pots and horses used in tribal

- festivals. C-udepur.
- : Local medicine doctor making herbal bhasmas.
- : View of tribal house with traditional earthen horse on it. C-udepur.
- Plate 13 : Cup for drinking. Made up of dried Butea monosperma (Lamk.) Taub., leaves.
- : Tribal lifestyle. Conserved at tribal museum. C-udepur.
- : Musical instruments and other household implements conserved at tribal museum. C-udepur.
- Plate 14 : View of tribal village. C-udepur.
- : Scattered tribal houses. C-udepur.
- : Devhant village. C-udepur.
- Plate 15 : Basket made up of Bamboo and Borassus flabellifer Linn. used for collection.
- : Agricultural implements made up of Melia, Millingtonia and Anogeissus.
- : Mesaro- container used for storing grains at tribal house made up of Bamboo and Borassus flabellifer Linn. C-udepur.
- Plate 16 : View of tribal hut with adjacent cultivation. C-udepur.
- : Zea mays Linn., cultivation at C-udepur.
- : Musa paradisiaca L. One of the major crop plant cultivated at Bodeli and Pavi-jetpur. C-udepur forest division.
- : Cultivation of Cajanus cajan Linn.
- Plate 17 : Collection of Borassus flabellifer Linn., (Tad) by local families of C-udepur forest division.
- Plate 18 : Timru (Diospyros melanoxylon Roxb.) leaves collected and packed at Zoz village of C-udepur forest division.
- : Boswellia serrata Colebr., gum collected as NTFP by tribals of C-udepur forest division.
- : Collection of Mahuda (Madhuca indica Muell.-Arg.) flowers and fruits as NTFP.
- Plate 19 : Collection, drying and packing of timru (Diospyros melanoxylon Roxb.) leaves at C-udepur forest division. Major NTFP for locals of C- udepur.

- Plate 20 : Tribal temple with stone idol made up of Borassus flabellifer L. leaves.
: Sacred place of worship at Zer village with surrounding Ficus benghalensis L., and Madhuca indica Muell.-Arg. trees.
: View of tribal temple with god and goddesses made up of Anogeissus latifolia Guill. wood and Cocus nucifera L. fibers.
- Plate 21 : Babadev. Tribal god and goddesses in forests. Site for worship and conserving plants with Holarrhena pubescens Wall. plants in flowering around it. C-udepur.
: Flowers of Holarrhena pubescens Wall. used in worship and religious ceremony at village Gabadia of C-udepur forest division.
- Plate 22 : Ficus benghalensis L. tree being worshiped at tribal temple. Village Dharsimal. Range Boriyad. C-udepur.
: Garuga pinnata Roxb., tree being worshiped at tribal temple. Village Singla. Range C-udepur.
- Plate 23 : Pithora- traditional tribal painting at tribal museum. C-udepur. Type One.
: Pithora- traditional tribal painting at tribal museum. C-udepur. Type two.
: Worship of Pithora- ancient and traditional custom of tribals at C-udepur.
- Plate 24 : View of Chelavada village. C-udepur.
: Different forms of deities used in worship. Tribal museum. C-udepur.
: Offerings of goats and hens at tribal festival as a part of ritual. C-udepur.
: View of various body tattoos used by the tribals of C-udepur.
: Model of Pithora painting at tribal museum. C-udepur.
- Plate 25 : View of tribal festival – Chul at C-udepur.
: Holi festival at C-udepur forest division.
: Koli-rathawa dance at Holi festival in C-udepur.
- Plate 26 : Dillenia pentagyna Roxb, in fruiting. Rare in the area.
: Argemone mexicana Linn. Common weed in the area.

- Plate 27 : Abelmoschus sp. In flowering.
: Abutilon indicum Sweet. In flowering.
: Sida acuta Linn. in flowering.
- Plate 28 : Adansonia digitata Linn. Worship by tribal of the area.
- Plate 29 : Helicteres isora Linn., in flowering and fruiting.
: Gauzuma ulmifolia Lamk. Fruiting.
: Sterculia urens Roxb. Rare tree species of the area.
- Plate 30 : Impatiens balsamina Linn. var. rosea (Lindl.) Hook. f. in flowering.
: Boswellia serrata Colebr. Planted at Dhandhoda village. C-udepur.
: Garuga pinnata Roxb., in fruiting.
- Plate 31 : Buchanania lanzan Spr. In fruiting. Kevdi forests. C-udepur.
: Lannea coromandelica (Houtt.) Merr., in fruiting. Dolariya range.
- Plate 32 : Pongamia pinnata Pierre., in flowering.
: Abrus precatorius Linn., in flowering and fruiting.
: Butea monosperma (Lamk.) Taub., in flowering.
: Mucuna prurita Hook., in fruiting.
- Plate 33 : Bauhinia purpurea Linn., in fruiting.
: Caesalpinia crista Linn., in fruiting.
: Cassia fistula Linn., in fruiting.
- Plate 34 : Combretum ovalifolium Roxb., in fruiting.
: Terminalia bellirica (Gaertn) Roxb. Planted at forest Nursery.
- Plate 35 : Careya arborea Roxb. Addition to the flora of C-udepur.
: Fruits of Careya arborea Roxb.
- Plate 36 : Ammannia baccifera Linn., common along riverbanks.
: Cucurbita maxima Buch., in flowering.
: Citrullus colocynthis (L.) Schrad. Ethnoveterinary plant.
: Corallocarpus epigeus (Arn) Cl. In fruiting.
- Plate 37 : Opuntia elatior Mill., in flowering. Common hedge plant.
: Mollugo pentaphylla Linn., in flowering.
- Plate 38 : Catunaregam spinosa (Thunb.) Tiruv. in fruiting.
: Morinda pubescens Sm., in flowering.
: Stunted growth of Morinda pubescens Sm. Kevdi forests.
: Haldinia cordifolia (Roxb.) Rids. Kawant range. Chhota-udepur.
- Plate 39 : Tridax procumbens Linn., in flowering.

- : Vernonia cineria (Linn.) Less., in flowering.
- : Xanthium strumarium Linn. in fruiting. Common weed in forest area.
- Plate 40 : Madhuca indica Muell- Arg., in fruiting.
- : Pure patch of Diospyros melanoxylon Roxb., at Rangpur range.
- Plate 41 : Fruit of Holarrhena pubescens (Buch.-Ham.) Wallich ex G. Don.
- : Holarrhena pubescens (Buch.-Ham.) Wallich ex G. Don., in flowering and fruiting.
- : Hemidesmus indicus (Linn.) R. Br. in flowering.
- Plate 42 : Ipomoea pes-tigridis Linn., in flowering. Hedge plant in the area.
- : Ipomoea nil (Linn.) Roth., in flowering.
- : Datura innoxia Mill., in flowering and fruiting. Common in the area.
- : Datura metel Linn., with distinct Violet-Purple flower.
- Plate 43 : Oroxylum indicum (Linn.) Vent., in fruiting. Occasional in the area.
- : Fruits of Oroxylum indicum (L.) Vent.
- : Radermachera xylocarpa Decne., in fruiting. Found only at Kawant and Mithibor.
- Plate 44 : Martynia annua Linn., in flowering.
- : Amaranthus spinosus Linn. Common along roadsides and agricultural fields.
- : Justicia simplex D. Don., in flowering.
- : Celosia argentea Linn., in flowering.
- Plate 45 : Ficus benghalensis Linn., in fruiting. Sacred plant for the tribals.
- : Ficus hispida Linn., in fruiting.
- : Ficus glomerata Roxb., in fruiting.
- Plate 46 : Nervilia aragoana Gaudich. Addition to the flora of C-udepur forests.
- : Nervilia discolor (Bl.) Schtr. Addition to the flora of C-udepur forests.
- : Habenaria marginata var. marginata Colebr., in flowering.
- : Vanda tessellata (Roxb.) Hk. f. ex G. Don., in flowering.
- Plate 47 : Costus speciosus (Koenig ex Retz.) Smith., in flowering. Rare in the area.
- : Curcuma inodora Blatter., Common as forest undergrowth.
- : Curculigo orchiioides Gaertn. Occasional in forest undergrowth.
- Plate 48 : Asparagus racemosus Willd. var. javanicus Baker., in flowering and fruiting.

- : Chlorophytum tuberosum Baker. Occasional in the area.
- : Gloriosa superba Linn., in flowering. Occasional on hedges along roadsides at Pavi-jetpur and Mithibor.
- Plate 49 : Grazing. Threat to the vegetation.
- : Mining of quartz. C-udepur forest division.
- : Collection of fuelwood. Range C-udepur.
- Plate 50 : Indiscriminate cutting of woods. Threat to forests of C-udepur.
- : Cultivation within forest areas. Threat to forests vegetation.
- : Effect of monoculture plantation on the forests vegetation.
- : Grazing pressure on vegetation of C-udepur forests.
- Plate 51 : Cutting of wood. I and II.
- : Collected cutted wood. Range Dolariya of C-udepur forest division.
- Plate 52 : Photograph of tribal witch doctor "Badavo".
