

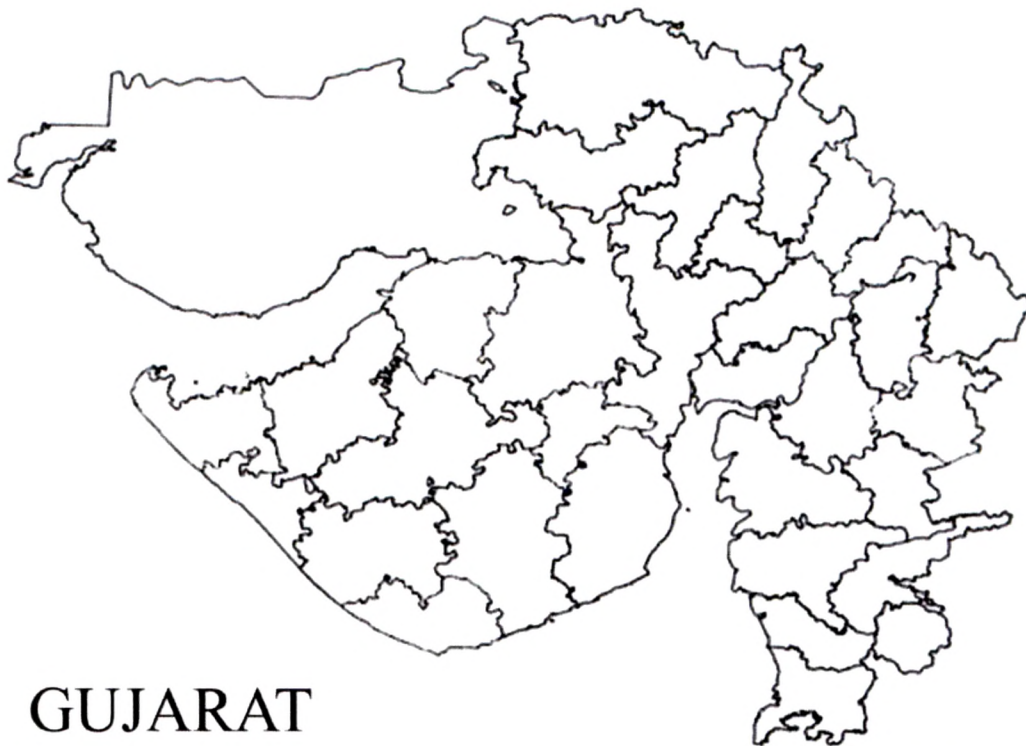

Plate 1

THE DANGS IN WESTERN GHATS

Plate 2

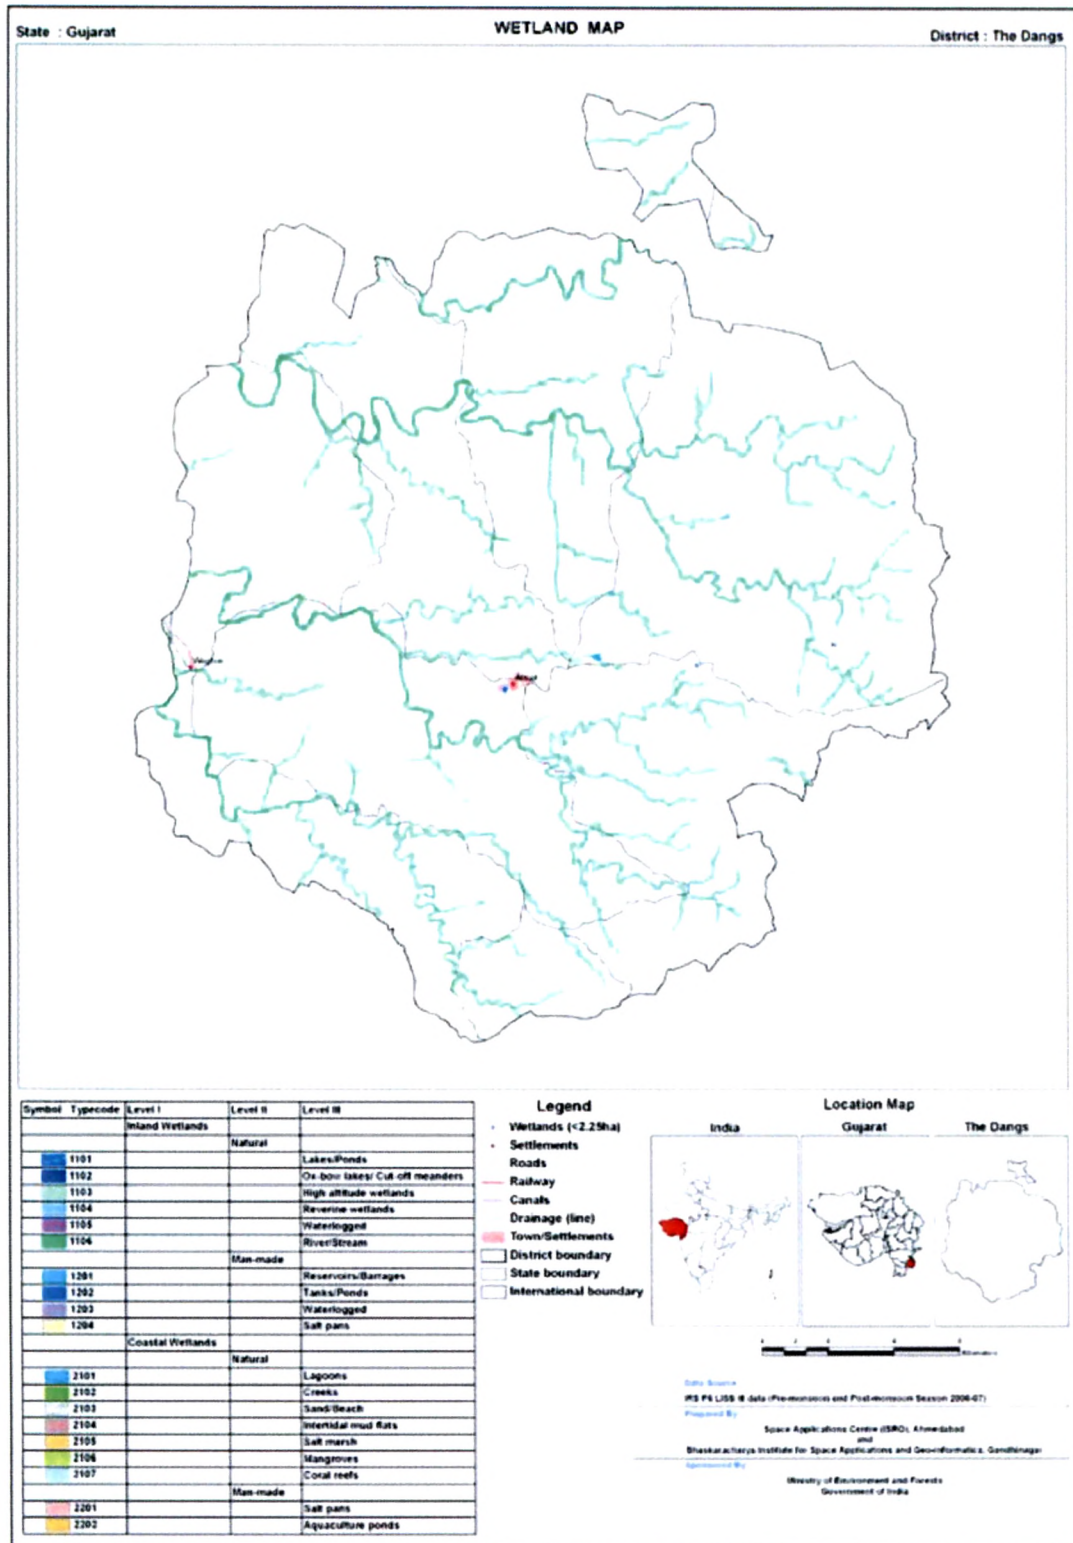

Plate 3: Drainage

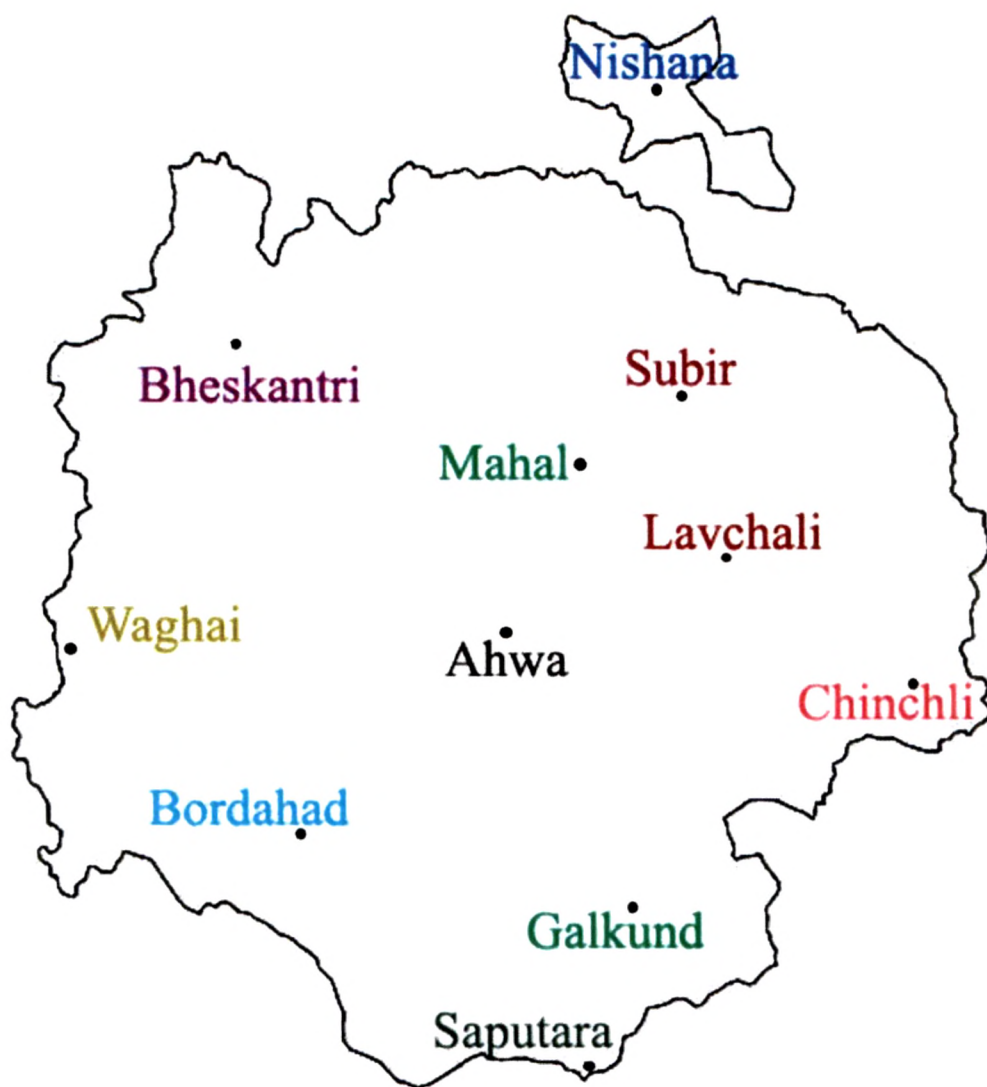

Plate 4: Places visited in Dangs

IRS P6 LISS-III Satellite Imagery of The Dangs District, Gujarat

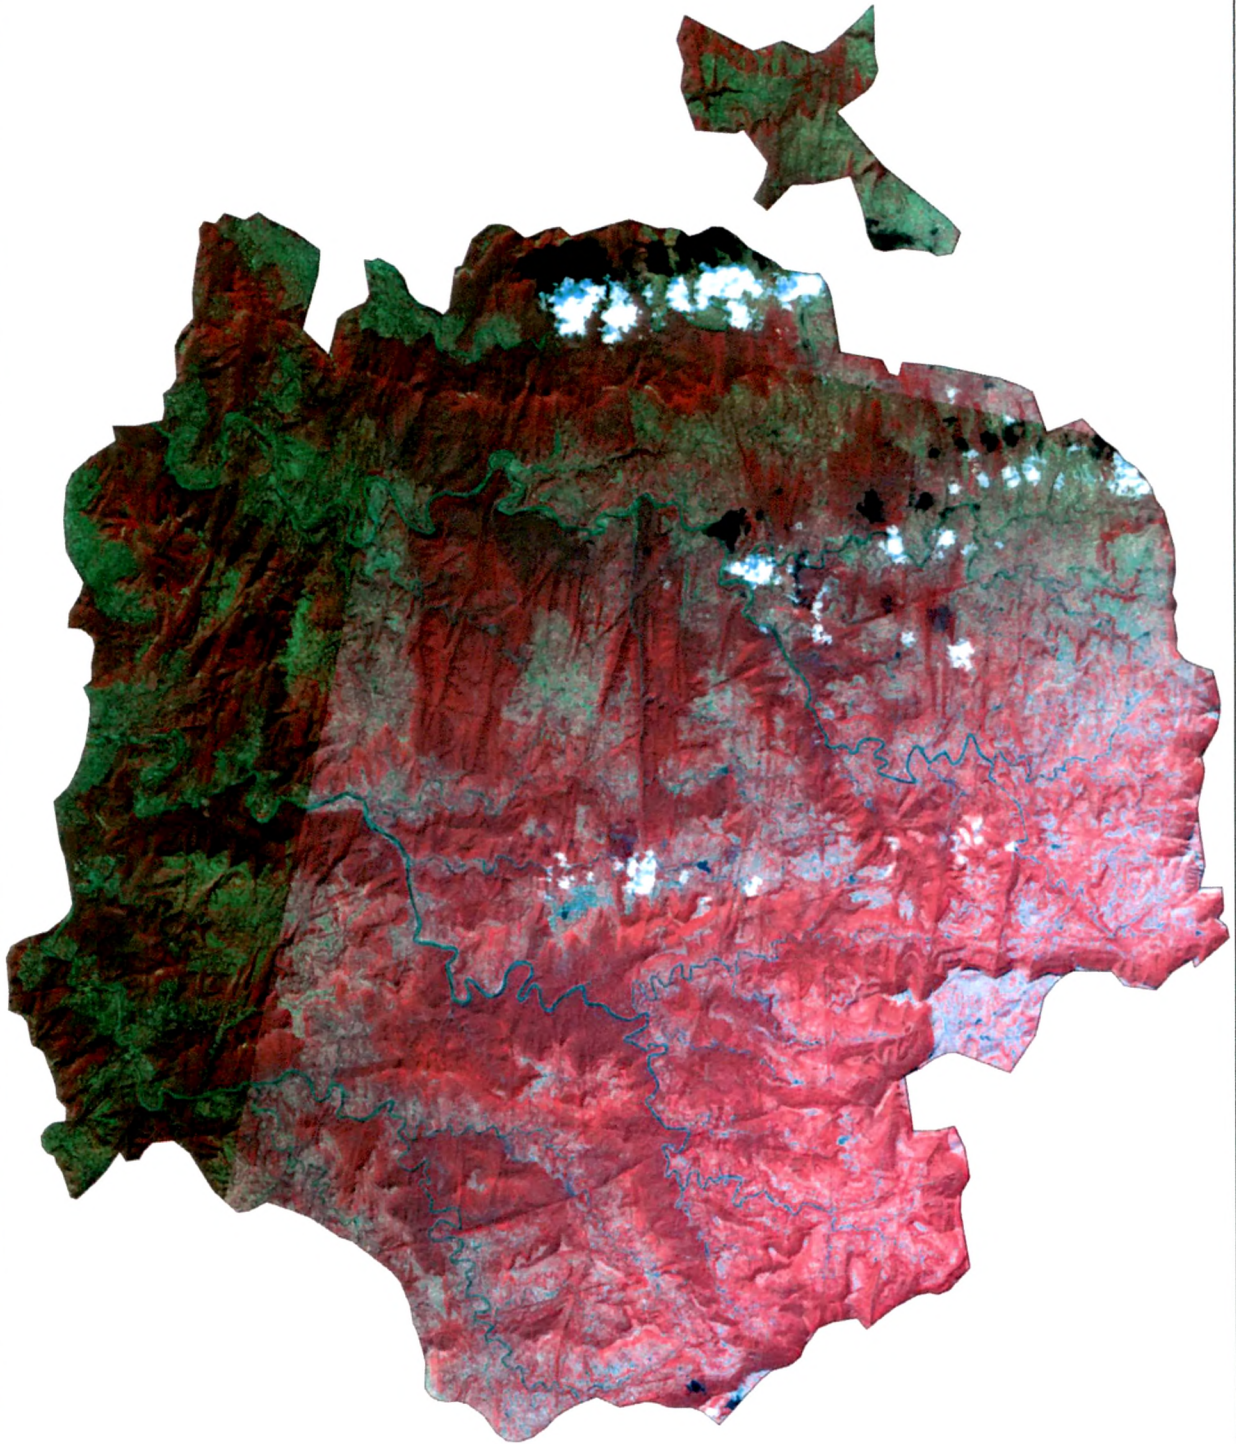

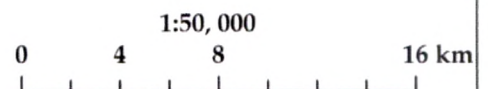

Plate 5: Wet Season

IRS P6 LISS-III Satellite Imagery of The Dangs District, Gujarat

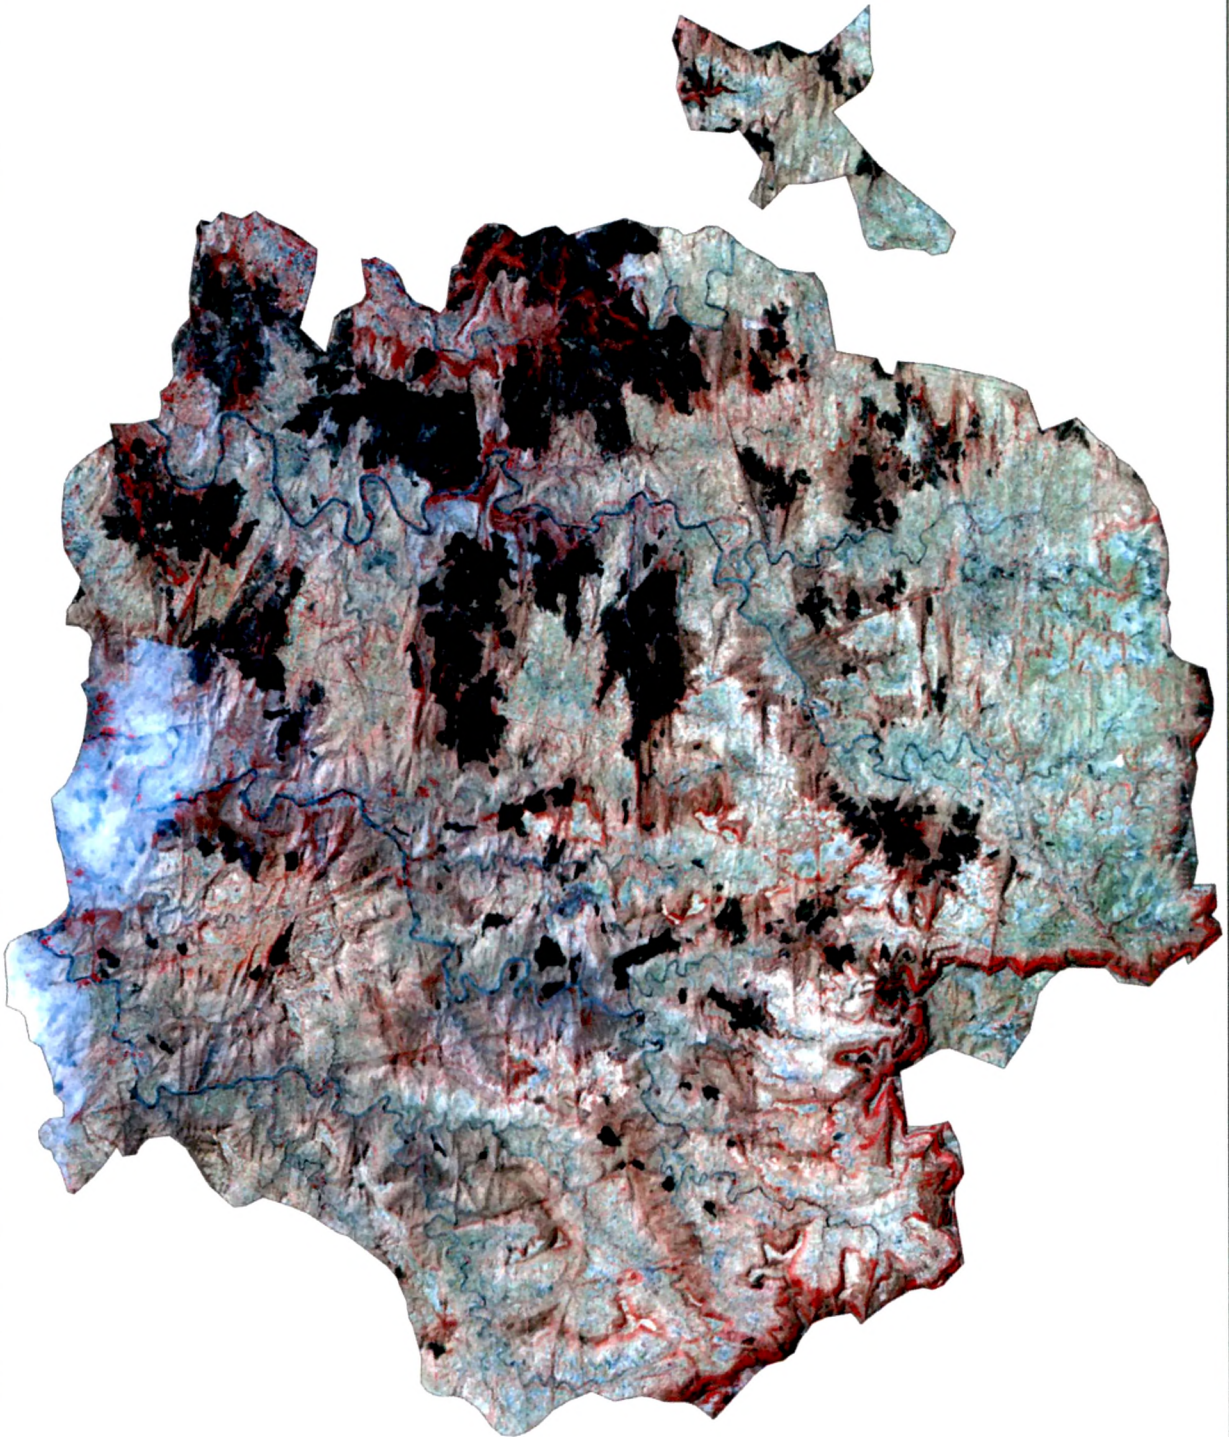

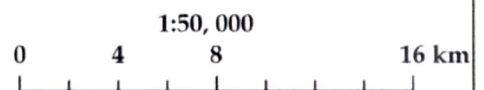

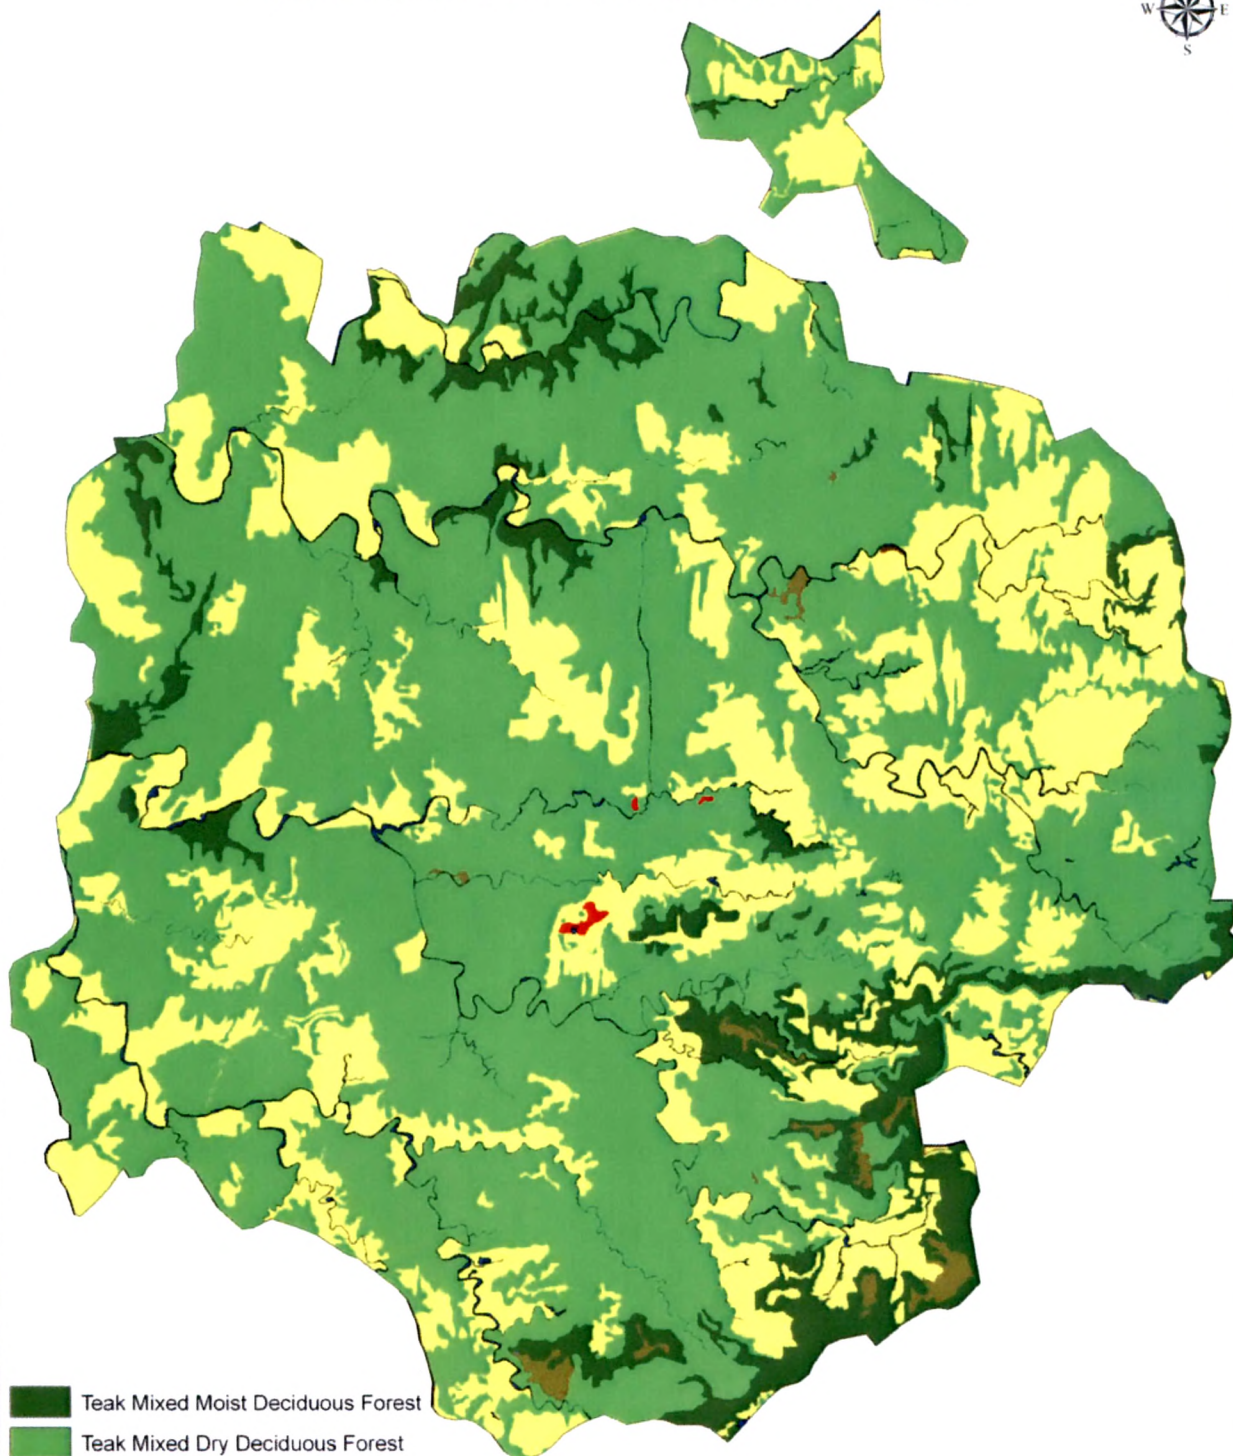

Plate 6: Dry Season

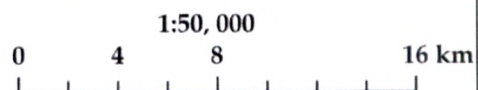

Vegetation Type/Land Use Map of The Dangs District, Gujarat

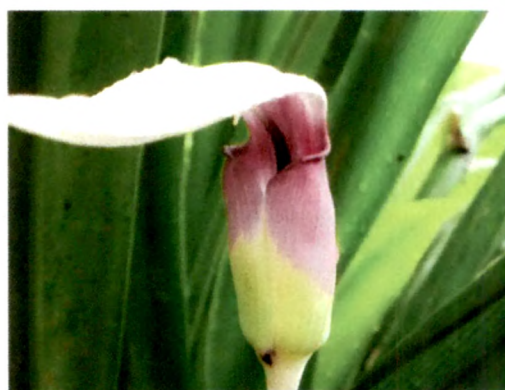

-  Teak Mixed Moist Deciduous Forest
-  Teak Mixed Dry Deciduous Forest
-  Degraded forest
-  Grassland
-  Agriculture
-  Barren/Fallow Land
-  Waterbody
-  Settlement

Plate 7: Vegetation Map

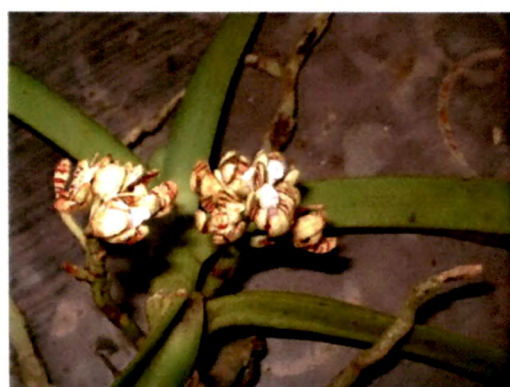

Arisaema murrayii

Arisaema murrayii
(Inflorescence)

Acampe praemorsa

Begonia crenata

Bridelia squamosa

Cleoserrata speciosa

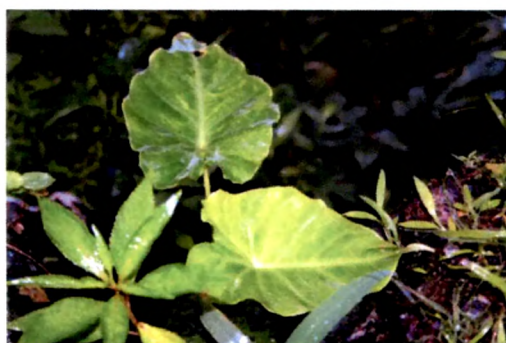

Plate-8: Addition to Dangs

Mecardonia procumbens

Polypogon monspelianus

Remusatia vivipara

Rhynchosstylis retusa

Spigelia anthelmia

Typhonium flagelliformii

Plate-9: Addition to Dangs

Dendrolobium umbellatum

Erythrina stricta

Plate 10: Additions to Gujarat

Geissaspis tenella

Geodorum densiflorum

Limnophila racemosa

Plate 11: Additions to Gujarat

Cryptocoryne retrospiralis

Homonoia riparia

Plate 12: Aquatic plants

Limnophila indica

Rotula aquatica

Plate 13: Aquatic plants

Argeriya sericea

Cryptolepis dubia

Dioscorea pentaphylla

Discorea hispida

Discorea hispida (Flowering)

Oxystelma secamone

Plate 14: Climbers

Arisaema neglectum

Arisaema neglectum
(in flowering)

Sauromatum
venosum
(in flowering)

Sauromatum venosum

Plate 15: Monocotyledons

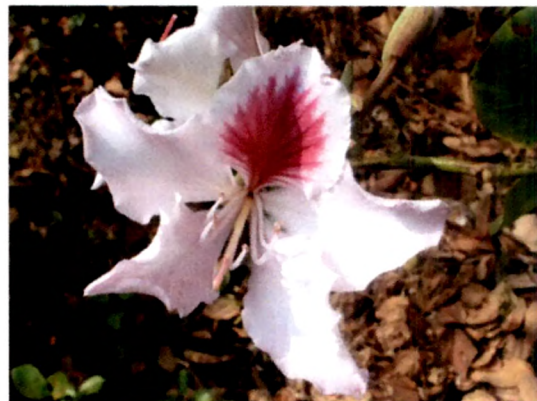

Ampelocissus latifolia

Anagalis arvensis

Barleria prionitis

Bauhinia purpurea

Butea monosperma

Cassia fistula

Plate 16: Common plants

Impatiens minor

Leea indica

Linum mysorensis

Madhuca longifolia

Morinda citrifolia

Neanotis rheedei

Sphaeranthus indicus

Triumphetta annua

Plate 17: Common plants

Careya arborea

Clitoria biflora

Paracalyx scariosus

Erythrina suberosa

Holarrhena antidysentrica

Hydrolea zeylanica

Plate 18: Common plants

Asystasia dalzelliana

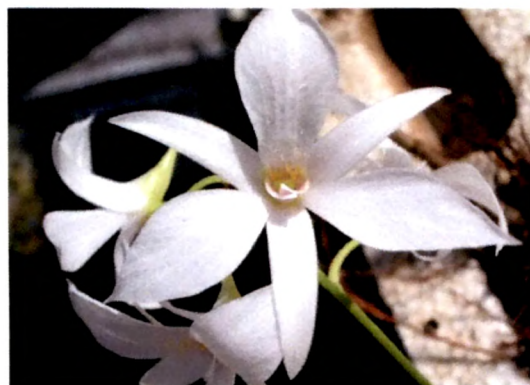

Boehmeria scabrella

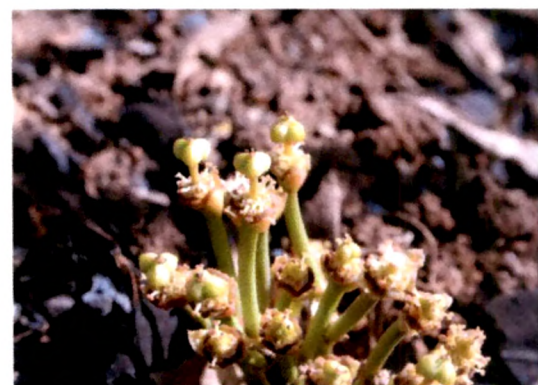

Clerodendron serratum

Coleus forskohlii

Dendrobium barbatum

Euphorbia acaulis

Plate 19: Rare plants

Eriolaena candollei

Eriolaena stocksii

Plate 20: Rare plants

Sapium insigne

Trichodesma inaequale

Tylophora dalzelli

Plate 21: Rare plants

Spatholobous parviflorus

Butea superba

Wrightia dolichocarpa

Vigna khandalensis

Wendlandia heynei

Plate 22: Rare plants

Teak wood used for making houses.

Fire wood collected by Tribals.

Plate 23: Threats to Biodiversity

Lopping of Trees and the plants growing around.

Fire wood transported *via*. train

Plate 24: Threats to Biodiversity

Dry deciduous forest, Pimpri

Moist deciduous forest, Saputara

Plate 25: Forest Types

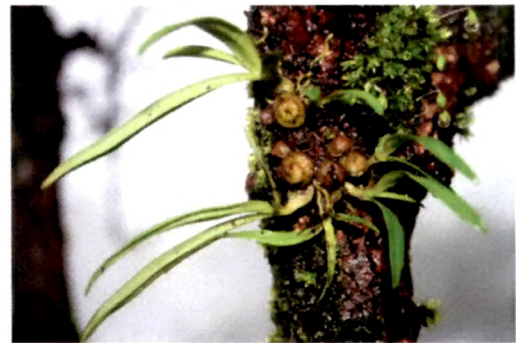

Aerides maculosum

Crepidium mackinnonii

Dendrobium barbatum

Dendrobium microbulbon

Habenaria furcifera

Plate 26: Orchidaceae

Habenaria marginata

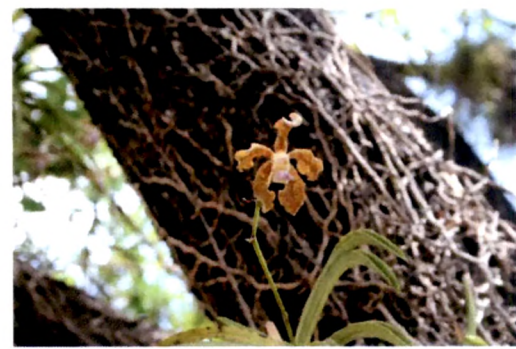

Habenaria grandifloriformis

Nervilia aragona

Nervilia discolor

Vanda tessellata

Plate 27: Orchidaceae

Lamprachaenium microcephalum

Adelocaryum coelestinum

Plate - 28: Addition to Gujarat

Haplanthodes tentaculatus

Plate - 29: Endemic genera of Western ghats in Dangs
