

ACKNOWLEDGEMENT

I take this opportunity to express my deepest gratitude to my mentor and guide Dr. K. P. DHAKE, M.Sc., Ph.D., F.A.S.I., F.I.C.S., F.U.S.I., Reader, Applied Physics Department, Faculty of Technology and Engineering, M. S. University of Baroda, BARODA for the constant encouragement given to me and without whose unceasing guidance, this thesis could not have been completed. His sincere interest and enthusiasm have been a constant source of inspiration to me, during the work.

I am extremely thankful to Prof. V.N. POTBHARE, Head, Applied Physics Department, and Prof. S.G.SHAH, Dean, Faculty of Technology and Engineering for providing the necessary laboratory facilities as well as the opportunity to carry out my work.

I would be ungrateful on my part if I don't thank Dr. S.N. PATIL, Lecturer, M.I.T. Aurangabad who provided me with valuable encouragement during my intermittent blues and all possible help and tips during my thesis work.

The help provided by Mr Hemant Rane and Mr. Pradip Thombare had been simple invaluable.

My sincere thanks to Mr. P.N.Vashi, Mrs. Kukoo Mukherjee, Dr. Ramanik Tandel, Dr. P.D. Patil, Mr. Prashant, Dr. Arun Pratap, Ms. Mangala Joshi and Mr. R.A. Dudhawala for the help and company during the work.

I am grateful to Mr. Sunil Chaudhary, Mr. Shripad, Mr. Chaitanya Patel and Rajubhai for providing the computer facility for the present work.

I owe thanks to my friends Vijay,Shekhar,Sunil and Dr.Ramkrishnan for their kind affection and constant encouragement.

Last but not the least, I would like to thank my parents, my brother Mr.Umakant Patil, Aunt. Mrs Kalpana and Mrs.Saujanya as well as Dr. Anamika.

RAVINDRA V. PATIL
