

## LIST OF FIGURES

Fig.No.		Page No.
1	Location Map	3
2	Major localities of Gir area	4
3	Climatic zones of India	7
4	Forest types of the Gir area	13
5	Communication & Transport	17
6	Geological map of Saurashtra & its tectonic framework	51
7	Geological map of the Gir area	69
8	Tectonic map of the Gir area	139
9	Rose diagram of the Gir area	141
10	Physiographic map of Saurashtra	146
11	Drainage map of Saurashtra	153
12	Profiles across the Gir area	158
13	Geomorphological setting of the Gir area	159
14	Generalised drainage map of the Gir area.	172
15	Average slope map of the Gir area	178
16	Soil sampling stations in the Gir area	186
17	Guide for textural classification	192
18	Textural classification plots (soil sample No. 1 - 34)	202
19	Textural classification plots (soil sample No. 35 - 68)	202

20	Textural classification plots (soil sample No. 69 - 102)	203
21	Textural classification plots (soil sample No. 103 - 136)	203
22	Textural classification plots (soil sample No. 137 - 170)	204
23	Generalised soil types of the Gir area	207
24	Soil Iso-pH map	214
25	Soil pH range	215
26	Soil Iso-E.C. map	217
27	Soil Iso-organic carbon map	222
28	Soil Iso-calcium map	224
29	Soil Iso-magnesium map	226
30	Soil Iso-sodium map	229
31	Soil Iso-potassium map	231
32	Soil Iso-phosphorous map	234
33	Nomogram for the Gir area	241
33a	Soil moisture balance	245
34	Fresh water availability for the study area	249
35	Weighted area precipitation analysis	258
36	Spring conditions	262
37	Water structures in the Gir area (1988)	264
38	Natural & artificial water sources	265
39	Groundwater potential map	287
40	Water sampling stations	299
41	Iso-TDS map	305
42	Iso-chloride map	310

43	Past distribution of lions/soils of Middle East	321
44	Superimposition of lion distribution/soil of India	322
45	Present Indian distribution of lions in Gir, India	323
46	Present African lion distribution superimposed on areas covered by Latosols	324
47	Superimposition of the various wildlife sanctuaries on soil map of East Africa	325
48	Superimposition of the various wildlife sanctuaries on the physiographic map of East Africa	327
49	Migration route of lions from Europe to Africa & Asia	329
50	Past & present locations of lions in and around Gir forest	332
51	Drought analysis (1630 - 1990)	350
52	Schematic diagram of storage tank	374
53	Schematic diagram of storage trough	375
54	Schematic diagram of check dam	377
55	Schematic diagram of gully plug	378
56	Schematic diagram of river well	380
57	Schematic diagram of percolation tank	381
58	Schematic diagram of subsurface dam	383
59	Schematic diagram of contour ridging (Type - I)	385
60	Schematic diagram of contour ridging (Type - II)	385
61	Schematic diagram of open well with radial bores	393

61a	VES curves (1 - 10)	400
61b	Lithological sections based on resistivity survey	401
62	Proposed water management scheme in the National Park area	404
63	Fire hazard map	407
64	Land use map of the Gir & its periphery	410
