

LIST OF TABLES

<u>S. NO.</u>	<u>TABLE</u>	<u>DESCRIPTION</u>	<u>PAGE NO.</u>
1.	V.1	Percentage variations of calcium carbonate-terrigenous sand-terrigenous (Dahanu coast).	83
2.	V.2	Compositional variations of beach sands of Dahanu-Kora coast.	84
3.	V.3	Textural parameters of beach sediments (Dahanu coast).	86
4.	V.4	Textural parameters of dune and beach sediments (Dahanu coast).	90
5.	V.5	The values in Micron of "C" and "M" percentiles (Dahanu coast).	98
6.	V.6	Percentage variations of transportation modes (Dahanu coast).	102
7.	V.7	Maximum and Minimum values of transportation modes transverse and across (Dahanu-Kora coast).	104
8.	VI.1	Gravel, Sand and Mud percentage in beach rocks of Dahanu-Usarni coast.	136
9.	VI.2	Silt and clay percentage in beachrocks of Dahanu - Usarni coast.	137
10.	VII.1	West coast beach orientation data (Dahanu-Vadhavan coast).	148
11.	VII.2	West coast beach orientation data (Vadhavan-Akarpata coast).	149
12.	VII.3	West coast beach orientation data (Akarpata-Muramba coast).	150
13.	VII.4	West coast beach orientation data (Satpati-Mahim coast).	151
14.	VII.5	Computation of orientational statistics of the beaches and (Approx 10m) depth contour "Dahanu-Kora coast".	156

15.	VII.6	Ripple mark data collected from west coast of India. (Dahanu-Kora coast).	169
16.	VII.7	Backwash Ripples data collected from west coast of India (Dahanu-Kora coast).	171
17.	VII.8	Possible Pairs and Possible Trends of West Coast Sample (Dahanu coast), North trend.	192-194
18.	VII.9	Possible Pairs and Possible Trends of West Coast Sample (Dahanu coast), South trend.	195-197
19.	VII.10	Table showing various pairs of complete deposition (Case 1).	199
20.	VII.11	Table showing various pairs of selective deposition (Case 2).	200
21.	VII.12	Table showing various pairs of selective deposition (Case 3).	200
22.	VII.13	Summary of numbers of pairs of west coast (Dahanu-Kora) producing transport trends.	201
