

## ACKNOWLEDGEMENTS

I am highly thankful to Dr. N.D. Desai, Reader in the Department of Geology, for his valuable guidance in completing this thesis.

I wish to take this opportunity to thank the Head of the department of Geology, Professor S.J. Desai, for providing me various helps and facilities in the department and helping me to improve my petrography and metamorphic chapter.

It is with a deep sense of gratitude that I express my indebtedness to Dr. S.P. Sychanthavong my ex-guide, for his invaluable guidance and inexhaustible encouragement throughout the progress of this thesis.

I take this opportunity to acknowledge the help rendered to me by Prof. N.M. Vashi.

The words fails to express the gratitude of the author to her parents and brother for their constant and continuous encouragement and financial help without which the author's academic carrier would not have reached this stage.

Finally the author thanks Mr. C.P. Mistry for helping me in the preparation of diagrams. Helps from friends, office and teaching staff of the department whose names are too large to list out here are also thankfully acknowledged.
