

LIST OF FIGURES

<u>FIGURE</u>		<u>PAGE</u>
I.1	Location Map	4
I.2	Drainage Map	7
IV.1	Geological Map (At the back of the Thesis)	
V.1 a.	Regional Tectonic Map of Northwestern India	71
V.1 b	Geological Map of parts of Banaskantha District, Gujarat and Sirdhi District, Rajasthan (Unpublished G.S.I. Report)	73
V.2.	Structural Framework of Ambamata and its neighbourhood (At the back of the Thesis)	
VII.1	Map showing location of samples selected for chemical analyses	127
VII.2	$K_2O : SiO_2$ Diagram for the Ortho-amphibolite	131
VII.3	Diagram showing characteristic tholeiitic and calc-alkaline trends	132
VII.4	$Al_2O_3 : SiO_2$ variation diagram	140
VII.5	Kohler-Raaß diagram	142
VIII.1	ACF diagram for the medium pressure amphibolite facies series	149
VIII.2	PT Diagram indicating the position of the rocks of the study area (Winkler, 1975)	157
X.1	Tectonic models (Sychanthavong, 1978)	180
