

LIST OF PLATES

<u>PLATE</u>		<u>PAGE</u>
1.1	Panoramic view of Kosi valley.	7
1.2	Panoramic view of Kuchgad stream	8
3.1	Sheared granites and granophyres	53
3.2A	Sheared granitic rock showing granulation and alteration of feldspars	55
3.2B	Sheared granitic rock showing crenulation cleavage.	55
3.3A	Nagthat limestone showing drag folds.	57
3.3B	Nagthat limestone showing drag folds	57
3.4A	Texture of flaggy quartzites (Nagthat)	58
3.4B	Texture of crystalline limestone (Nagthat)	58
3.5A	Texture of Nagthat quartzite above limestone	60
3.5B	Texture of quartzose phyllites (Nagthat)	60
3.6	Trap showing well defined foliation	62
3.7A	Coarse basaltic texture of traps	64
3.7B	Fine basaltic texture with amygdules of chlorite.	64
3.8A	Handspecimen of granulated trap resembling slag.	65
3.8B	Texture of granulated trap.	65
3.9A	Bouldary quartzite (Blaini)	68
3.9B	Bedding and jointing in Blaini quartzites.	68

<u>PLATE</u>		<u>PAGE</u>
3.10A	Heterogeneous coarse matrix (sub-greywacke) of Blaini bouldary beds.	69
3.10B	Argillaceous slaty matrix of bouldary beds.	69
3.11	Pebbly quartzites (Blaini)	70
3.12A	Texture of carbonaceous slates (Blaini)	72
3.12B	Texture of Blaini limestone	72
3.13	Texture of purple slate	73
3.14	NE dipping Infra Krols in Kosi valley	76
3.15	Infra Krol quartzites showing sedimentary bedding and containing slaty fragments	76
3.16A	Texture of Infra Krol pebbly quartzite	77
3.16B	Silty slates of Infra Krol showing crenulation cleavage	77
5.1A	Slaty layers in Blaini limestone showing axial-plane relationship.	104
5.1B	Infra Krol slates showing angle between the slaty cleavage and bedding	104
