

ACKNOWLEDGEMENTS

The author takes this opportunity to express his deep sense of gratitude to Professor S.S.Merh under whose supervision and guidance this investigation was conducted. But for his constant encouragement and active assistance, the author would not have been able to complete this study. His grateful thanks are also due to all staff-members and research scholars of Geology Department for helping the author in many ways in the course of this study. The author is indebted to Shri R.K.Parmar (Technical Asstt.) and Shri B.M.Chavan (Lab.Asstt.-Photography), ^{for} rendering valuable facilities in the laboratories.

The author's grateful thanks are due to Dr.B.G.Deshpande, Chief of Geological Services of Oil & Natural Gas Commission and Shri S.N.Talukdar, Chief Geologist and Additional Director of Oil & Natural Gas Commission, who were kind enough to permit the author to take up the study and grant study leave.

The author is very much indebted to Dr.S.S.Sarkar and Shri C.R.Sen of the Central Palaeontological Laboratories of Geological Survey of India, for examining and identifying the fossils of the area. The author also wishes to thank his various colleagues in the Oil & Natural Gas Commission, for occasional discussions in the course of this investigation.

In the end, the author would like to thank the U.G.C. and the M.S.University of Baroda for granting a research scholarship, without which the work would not have been completed.
