

LIST OF TABLES

Table 1 The roles of metacaspases in protists and unicellular algae.....	10
Table 2 The identification and function of metacaspases in fungi.....	13
Table 3 Identification and the functional roles of metacaspases in plants.....	18
Table 4 Primers used for semi-quantitative RT-PCR and qRT-PCR analysis.....	39
Table 5 Primers used for cloning of various gene constructs	41
Table 6 PCR strategy for generating SolycMC4-amiRNA.....	42
Table 7 Molecular properties of tomato metacaspases.....	82
Table 8 Cis-regulatory elements in promoter sequences of metacaspase genes.....	83
