

ACKNOWLEDGEMENT

At this juncture , I would like to express my sincere gratitude to, my guide, Dr.(Ms.) T.V.Joshi for her valuable guidance in my research work and in the writing of this thesis, I greatly appreciate her unflinching frankness, creative criticism and whole hearted interest in my work. I thank her for the hard work she put into my study without which this thesis would not have been possible.

My sincere thanks to Dr.S.Ghosh, Professor and Head, Department of Biochemistry, Medical College, Baroda, for his active interest and kind co-operation that has enabled me to pursue my study.

My sincere thanks to The Dean, Medical College, Baroda for permitting me to carry out my work.

I am humbly indebted to Dr.G.V.Vankar for providing me the necessary software to enable me to pursue my analysis.

I am grateful to Shri P.M.Shah, who inspite of his busy schedule imparted his expertise in all my statistical analysis.

Hearty thanks are to all my colleagues and friends for their kind co-operation.

My sincere thanks to Mr. S. M. Nagarkar for typing this thesis.

Finally, I would like to thank my family members, whose co-operation has lead to the submission of my thesis.
