

ACKNOWLEDGEMENT

The author is highly grateful to Prof. D.M. Shringarpure for his continual help and encouragement throughout this research work. Under his able guidance and supervision the author was able to complete this work on "Ichnologic and stratigraphic events as revealed by the Mesozoic sedimentary rocks exposed south and south east of Bhuj, Kutch, Gujarat State."

The author is also grateful to dear friend, Dr. Satish J. Patel, who has helped during various phases of field and laboratory studies and during write up work. The final work of compilation and printing is carried out successfully mainly by ceaseless efforts of Dr. Satish J. Patel and Dr. V. Sridhar for which the author will always remain indebted to them.

Kind help was extended towards tracing of maps and drawings by Shri C.P. Mistry and development of photographs by Shri B.M. Chauhan. These are thankfully acknowledged.

The author is thankful to University Grants Commission for providing Teacher Fellowship for one year during which larger part of laboratory work and write up was carried out. Thanks are also due to Prof. N.I. Dani (Principal, M.G. Science Institute), Prof. L.J. Parekh (Dean, Faculty of Science, M.S. University), Prof. R.D. Shah (Head, Geology Department, M.G. Science Institute) and Prof. S.J. Desai (Head, Department of Geology, M.S. University of Baroda) for granting necessary permissions and various other considerations.

Computer facilities were provided by Dr. L.S. Chamyal and Shri Manish Antani is acknowledged with gratitudes.

Computer and typing work was assisted by my younger brother Tushar, sister Manisha as well as by Shri Kenneth Christian, which also is gratefully acknowledged.

My efforts would have been in vain without constant encouragement of my family members.

I am also highly thankful to the persons who have directly or indirectly helped during this work.
