*I would first like to thank the Almighty for enriching my life with so many wonderful people who have helped me through the different stages of my life; giving me wonderful parents who constantly boosted my morale and supported me in all my endeavors.*

*I would like to express my sincere thanks to my Guiding Teacher Dr. Dolly Kumar for her confidence in me to take up this work, her constant encouragement and patience throughout my research tenure.*

*I would also like to thank Prof. Bonny Pilo, Ex-dean and Head of the Department for inspiring me to work diligently, motivating me to improve my research through his insightful comments.*

*I would also like to thank Prof. A V Ramachandran, Ex-dean, and Head of the Department for making me understand the importance of knowledge and his valuable support in providing the departmental facilities during his tenure as Head of the Department.*

*I would like to express my gratitude to Dr. Geeta Padate, Head of the Department for providing me departmental facilities, constant support and encouragement.*

*I would like to thank my teachers of entomology Prof. P.V. Patel and Dr. Pragna Parikh, for developing my interest in the subject.*

*I would like to thank Dr. Sudip Banerjee and Dr. Niraj Joshi who helped me through my work in the laboratory.*

*My special thanks to Kiran Morya for helping me in my laboratory work and she was always there.*

*I would like to thank Dr. Archana Mishra and my cousin Aniruddha Rao for accompanying me in my field trips.*

*I would also like to thank my cousin Kuber Shekhar for diligently going through the entire manuscript and formatting of the thesis.*

*I would also like to thank the non-teaching staff for their help and co-operation.*

*I would also like to thank to my friends and colleagues Dr. Bhumika Naidu, Dr. Jagruti Rathod, Dr. Sonal Deshkar, Prem Kumar Singh, Darshee Baxi, Anita Singh, Ruchika Kataria, Chandni Patel and Nirjara Gandhi for providing the right environment in the laboratory.*

*And last but not the least I would like to express my gratitude to my husband Dr. M.S. Shivakumar for his support throughout all the stages of my work, in the field as well as laboratory work. His critical but constructive comments and encouragement have made this work possible.*
