

LIST OF TABLES

Table No.	Title	Page No.
1.1	Details of Distribution of Sweet Water Available on Earth	1
1.2	Annual Water Cycle	2
1.3	World Population V/s Water Availability	3
1.4	Geological Formation of Gujarat	15
1.5	Region wise and Basin wise Total Water Resources in Gujarat	16
1.6	Ground and Surface Water Scenario	17
1.7	Design Storage of Water Resources of Gujarat	18
1.8	Total Cropped Area and Irrigated Area Year 2002-2003	19
1.9	Land Utilisation Pattern in Gujarat State for Year 2002-03	19
1.10	Abstract of Sedimentation Survey	20
1.11	District wise Check Dams in Gujarat	21
3.1	Rainy days V/s Rainfall in Saurashtra	87
3.2	District wise Average Rainfall	87
3.3	Surface Water Potential of Saurashtra	88
3.4	Storage of Dams in Saurashtra	89
3.5	Net Area Sown in Various District of Saurashtra	91
3.6	Area Coverage Under Irrigation From Surface and Ground Water Sources	92
3.7	Water Qualities in Villages of Saurashtra Districts	93
3.8	General Features of Rajkot District	100
3.9	Detail of Taluka and Villages in Rajkot District	100
3.10	Rivers in Rajkot District	101
3.11	Details of Geology and Geohydrology of Rajkot District	102
3.12	Rainfall Variation	106
3.13	Area of River Basins in Rajkot District	107
3.14	Surface Water Schemes in Rajkot District	107
3.15	Ground Water Resources in Rajkot District (2002)	108
3.16	Details of Tributaries of Bhadar Basin	110
3.17	Water Resources Related Details of Bhadar (S)	111
3.18	Taluka wise Check Dams in Rajkot District	115
4.1	Sub basin wise Geographical Area of Villages	118
4.2	Sub Basin wise Details of Wells Benefited	124
4.3	Weekly Rainfall and Runoff for Year June 2003 to October 2003	130
4.4	Weekly Rainfall and Runoff for Year June 2004 to October 2004	131
4.5	Weekly Rainfall and Runoff for Year June 2005 to October 2005	132
4.6	List Of Rain Gauge Stations Within And Around Catchment Area Of Bhadar(S) River Basin	133

Table No.	Title	Page No.
4.7	Statement showing Name of River Gauging Sites in Bhadar River Basin	134
4.8	Salient Features of Bhadar Project	134
4.9	Sedimentation Survey Carried out in Saurashtra Region of Gujarat	135
4.10	Sedimentation Survey Carried out in North region of Gujarat	138
4.11	Sedimentation Survey Carried out in Central region of Gujarat	139
4.12	Sedimentation Survey Carried out in South region of Gujarat	139
4.13	Sedimentation Survey Carried out in Kachchh region of Gujarat	140
4.14	Talukawise Geographical Area Of Rajkot District	140
4.15	Talukawise Average Rainfall Year 1991 To 1997	141
4.16	Talukawise Average Rainfall Year 1998 To 2002	141
4.17	Talukawise Average Rainfall Year 2002 To 2006	142
4.18	Talukawise Rainfall From Year 1961 To Year 2006 Of Rajkot District	143
4.19	Typical Records Of Check Dams Executed In People Participation Scheme	145
4.20	Talukawise Average Rise In Water Level From Year 1991-1997 In Rajkot District	151
4.21	Talukawise Average Rise In Water Level From Year 1998 - 2000 In Rajkot District	151
4.22	Talukawise Average Rise In Water Level From Year 2003 - 2006 In Rajkot District	152
4.23	Talukawise Recharge Structures In Rajkot District	152
4.24	Flooded / Water Logged Area	153
4.25	Talukawise Details Of Canals Of Major & Medium Irrigation Schemes Of Rajkot District	157
4.26	Talukawise Ground Water Draft Structures (Wells/Tubewells) Of Rajkot District	159
5.1	Sub basin wise Check Dams Details	164
5.2	Total Quantity of Water Stored & over flow in Check Dams for Year June 2003 to October 2003 in Various Sub-basins	170
5.3	Total Quantity of Water Stored & over flow in Check Dams for Year June 2004 to October 2004	173
5.4	Total Quantity of Water Stored & over flow in Check Dams for Year June 2005 to October 2005	174
5.5	Details of Filling of Check dams for Year 2003	177
5.6	Details of Filling of Check dams for Year 2004	178
5.7	Details of Filling of Check dams for Year 2005	179
5.8	Abstract of Total Water Stored in Check dams in Mm3	180
5.9	Monthly Runoff (cm) Based on Reservoir Performance for Bhadar-I Reservoir	185
5.10	Rainfall -runoff Correlation for Month of June	186

Table No.	Title	Page No.
5.11	Rainfall -runoff correlation for month of July	187
5.12	Rainfall -Runoff Correlation for Month of August	188
5.13	Rainfall -Runoff Correlation for September	188
5.14	Rainfall -Runoff correlation for Month of October	189
5.15	Abstract of Rainfall-Runoff Relation Developed	189
5.16	Results of Water Received In Bhadar Reservoir (without Check dam)	190
5.17	The effect of Check Dam Water on Water Level in Bhadar-I Reservoir (Year 2001-02) (Actual Reservoir Performance)	192
5.18	The effect of Check Dam Water on Water Level in Bhadar-I Reservoir (Year 2002-03) (Actual Reservoir Performance)	193
5.19	The effect of Check Dam Water on Water Level in Bhadar-I Reservoir (Year 2003-04) (Actual Reservoir Performance)	194
5.20	The effect of Check Dam Water (Considering 17%) on Water Level in Bhadar-I Reservoir (Year 2003-04)	195
5.21	The effect of Check Dam Water on Water Level in Bhadar-I Reservoir (Year 2004-05) (Actual Reservoir Performance)	196
5.22	The effect of Check Dam Water (Considering 17%) on Water Level in Bhadar-I Reservoir (Year 2004-05)	197
5.23	The effect of Check Dam Water on Water Level in Bhadar-I Reservoir (Year 2005-06) (Actual Reservoir Performance)	198
5.24	The effect of Check Dam Water (Considering 17%) on Water Level in Bhadar-I Reservoir (Year 2005-06)	199
5.25	The effect of Check Dam Water (As per Formula) on Water Level in Bhadar-I Reservoir (Year 2003-04)	200
5.26	The effect of Check Dam Water (As per Formula) on Water Level in Bhadar-I Reservoir (Year 2004-05)	201
5.27	The effect of Check Dam Water (As per Formula) on Water Level in Bhadar-I Reservoir (Year 2005-06)	202
5.28	Additional Irrigation With Check Dam Water In Bhadar Command (New Formula Scenario)	203
5.29	Additional Irrigation With Check Dam Water In Bhadar Command (17 % Runoff Scenario)	204
5.30	Area Irrigated Due to Check Dams	205
5.31	Analysis of region wise trend of reservoir Sedimentation actually surveyed in Gujarat	205
5.32	Details of sedimentation survey analysis of Reservoirs of Rajkot District	206
5.33	Sedimentation in Bhadar basin I Reservoirs	207
5.34	Sedimentation In Bhadar Reservoir In The Year 1986	208
5.35	Computation of Sedimentation Rate	209
5.36	Original and Revised Elevation / Area / Capacity Details of Bhadar I	210

Table No.	Title	Page No.
5.37	Rate of Siltation in the Reservoir	210
5.38	Year wise Sedimentation Result Of Bhadar (I) Reservoir	211
5.39	Sedimentation in check dams in Bhadar basin (year 2005)	211
5.40	Depth of Evaporation Losses in each fortnight in Gujarat State	212
5.41	Analysis of Evaporation Losses in Bhadar-I Reservoir July 2002 to June 2003	216
5.42	Analysis of Evaporation Losses in Bhadar-I Reservoir July 2003 to June 2004	217
5.43	Analysis of Evaporation Losses in Bhadar-I Reservoir July 2004 to June 2005	218
5.44	Analysis of Evaporation Losses in Bhadar-I Reservoir July 2005 to June 2006	219
5.45	Evaporation Losses in Bhadar-I Reservoir	220
5.46	Evaporation Losses Calculated in Check dams for the year June 2003 to October 03	221
5.47	Evaporation Losses Calculated in Check dams for the year June 2004 to October-2004	222
5.48	Evaporation Losses Calculated in Check dams for the year June 2005 to October 2005	223
5.49	Evaporation Losses in Check dams	224
5.50	Unprecedented Floods in river Bhadar(s) and its Tributaries	225
5.51	The Flood Prone Talukas and Districts of Entire Bhadar (s) basin	227
5.52	Rain fall in June-2002	228
5.53	Rain fall in June-2005	229
5.54	The Reservoir Scenario of Bhadar Reservoir for June-I and June-II Fortnight for year 2002	229
5.55	The Reservoir Scenario of Bhadar Reservoir for June-I and June-II Fortnight for year 2005	230
5.56	Results of Flood Routing	230
5.57	Results of Rise of Ground Water Level in Catchment of Bhadar	232
5.58	Ground Water Recharge for Year 2006 & 1997	233
5.59	Average Rainfall of Year 1997 and 2006	234
5.60	Details of Annual Draft of Year 1997 and 2006	234
6.1	Abstract of the Study of Gondal Taluka	249
6.2	Talukawise Average Rainfall of Three Different years scenario	250
6.3	Details of Check dams	251
6.4	Average Rise in Water Level (WTF)	252
6.5	Analysis of Talukawise Monsoon Ground Water Recharge	255
6.6	Analysis of Talukawise Total Ground Water Recharge	258
6.7	Analysis of Talukawise Total Draft	261

Table No.	Title	Page No.
6.8	Analysis of Talukawise Non Monsoon Draft	262
6.9	Analysis of Talukawise Monsoon (Kharif) Draft	262
6.10	Details of villages having salinity problem in Gujarat State	265
6.11	Chemical Analytical Data of the Water Samples collected by GWSSB July 2003	269
6.12	Chemical Analytical Data of the Water Samples collected by GWSSB May 2004	270
6.13	Chemical Analytical Data of the Water Samples collected by GWSSB May 2005	270
6.14	Chemical Analytical Data of the Water Samples collected by GWSSB May 2006	271
6.15	Increase in Ground Water Table in Rajkot District	275
6.16	Area, Production & Yield of Crops from Year 1998-99 to 2004-05 for Groundnut and Cotton	275
7.1	Details of Bhadar (S) Basin	277
7.2	Additional Water Received In Bhadar-I Reservoir (without Check dams)	278
7.3	Check dam Additional Water Impact (New Formula Scenario)	279
7.4	Additional Irrigation in Bhadar Command by Check dam Water (17 % Runoff Scenario)	279
7.5	Additional Irrigation Area Potential in Checkdams Vicinity	280
7.6	Area Irrigated	280
7.7	Year wise Sedimentation Of Bhadar-I Reservoir	281
7.8	Sedimentation in Checkdams in Bhadar basin (Year 2005)	282
7.9	Evaporation Losses in Bhadar-I Reservoir	283
7.10	Analysis of Other Losses (i.e. losses in gate leakage, filter etc.)	283
7.11	Evaporation Losses in Check dams	284
7.12	Weekly Rain fall in June-2002	285
7.13	Weekly Rain fall in June-2005	285
7.14	Water Release From Spillway in June-2002	286
7.15	Water Release From Spillway in June-2005	286
7.16	Flood Routing in June 2005	286
7.17	Rise of Ground Water Level in Catchment of Bhadar	286
7.18	Ground Water Recharge for Year 1997 & Year 2006	287
7.19	Average Rainfall of Year 1997 & 2006	288
7.20	Details of Annual Draft	288
7.21	Taluka wise Average Rainfall of Three Different years scenario	289
7.22	Taluka wise Details of Check dams over Years	290
7.23	Average Rise in Water Level (WTF)	290
7.24	Taluka wise Total Ground Water Recharge	291
7.25	Taluka wise Total Draft	291
7.26	In Rajkot District The Average Rainfall, WTF, And Impact Of Checkdams Results	292

Table No.	Title	Page No.
7.27	Comparison Of Talukas Most Benefited In Ground Water Recharge Due To Checkdams	292
7.28	Comparison Of Talukas Less Benefited In Ground Water Recharge	293
7.29	Comparison of Results of Talukas Less Benefited Comparison/	293
7.30	Area, Production & Yield of Crops from Year 1998-99 to 2004-05 for Groundnut and Cotton	294
7.31	Chemical Analytical Data of the Water Samples collected by GWSSB	295
7.32	Comparison Of Total Rainwater In Catchment Area Of Bhadar-I Project With Water Stored In Check dam	296
7.33	Quantity Of Water Stored And Overflown From Checkdams	297
7.34	Comparison Of Water Stored In Check dam With Yield Of Bhadar-I Reservoir	297
7.35	Irrigation Due to Check Dams	298
7.36	Groundwater Estimation of Rajkot District	300
