

### List of Publication

Sr. No.	Paper or Book Chapter Title	Journal/ Book	Publisher
1.	Cubosomes: Novel Nanocarriers for Drug Delivery	Nanocarriers: Drug Delivery system	Springer
2.	Brain targeted intranasal in-situ gelling spray of paroxetine: Formulation, characterization and <i>in-vivo</i> evaluation	Journal of Drug Delivery Science & Technology	Elsevier
3.	Microneedle-mediated Transdermal delivery of Tizanidine hydrochloride	Methods in Molecular Biology	Springer
4.	Lipid Based Nanocarriers: Promising Drug Delivery System for Topical Application	Eur J Lipid Sci Technol	Wiley online Library
5.	Formulation and evaluation of Raloxifene hydrochloride dry emulsion tablet using solid carrier adsorption technique	Therapeutic Delivery	Future Science
6.	Intranasal spray of cubosomal Tizanidine Hydrochloride for brain targeting: In-vitro and in-vivo characterization (in communication)	Journal of Microencapsulation	Taylor & Francis online
