

## ACKNOWLEDGEMENTS

*At the conclusion of my PhD thesis, I would like to express on record my profound gratitude to all whose who have helped me to make this a reality.*

*First and foremost, I owe a great debt of gratitude to Prof. D. M Maurya, Department of Geology, The M. S. University of Baroda, Vadodara for his guidance and supervision throughout the course of this investigation and thesis preparation. I am thankful to him for all his inputs, both in terms of time and ideas, which made my study interesting, productive and inspiring. I learned a lot from him and without his patience, unstinted help and support, I could not have finished the thesis in time.*

*I place on record my deepest sense of gratitude and indebtedness to Prof. L. S. Chamyal, Former Head and Professor, Department of Geology, The M. S. University of Baroda for his parental guidance, supervision and encouragement. His knowledge and experience sowed the seed for initiating this work. I owe a great deal, not only for his encouragements and valuable guidance but also for his devoted and boundless help and affection that made this task easier.*

*I am thankful to the Head, Department of Geology, The M. S. University of Baroda for providing infrastructural facilities to carry out the present study.*

*I place on record my sincere gratitude and indebtedness to Prof. Balakrishnan Department of Earth Science, Pondicherry University, Pondicherry for permitting me to carry out cosmogenic surface exposure dating in his Laboratory. I am also obliged to him for his valuable suggestions and guidance throughout the course of my work.*

*My gratitude is boundless to Prof. Pramod Singh, Department of Earth Science, Pondicherry University, Pondicherry for his encouragements, valuable guidance and suggestions in the interpretation part of the analysis that made this task easier. Also, I would like to thank him for all the effort and time he put into helping me.*

*I also express my sincere thanks to Dr. Soumya Prakash Dhal, Department of Geoinformatics, University of Kashmir, Hazratbal, Jammu & Kashmir and*

*Dr. Jitendra Dash, Department of Earth science, Pondicherry University, Pondicherry for their help, support and guidance in laboratory analysis during the course of this work.*

*I gratefully acknowledge the financial support in the form of Junior Research Fellow (JRF) from the Ministry of Earth Science (MoES), Government of India, New Delhi (Reference number: MoES/P.O.(Seismo)/1(120)/AFM/2015). I also place my deepest sense of gratitude to IUAC for extending AMS facility funded by Ministry of Earth Science (MoES), Govt. of India. (Reference numbers: MoES/16/07/11(i)-RDEAS and MoES/P.O.(Seismic)8(09)-Geochron/2012).*

*I am grateful to Dr. Naimisha Vanik, Mr. Abhishek Kumar, Ms. Prabhuti Tiwari, Dr. Mohamedharoon Shaikh, Ms. Swarali Vasaikar, Department of Geology, The M. S.
