PAPERS PUBLISHED BY THE CANDIDATE

1. S. Badri Narayan., D.P. Bhatt., P.N. Bhatt. and A.R. Mehta Detection of β - oxalyl diamino propionic acid in callus cultures Lathyrus sativus L. Current Science 58 (3) 112-114 (1989)

2. S. Badari Narayan. and D.P. Bhatt. Stimulation of Lathyrus sativus. Stimulation of neurotoxin synthesis in callus cultures by some reduced nitrogen compounds. In : Proceedings of National Symposium on Plant Cell & Tissue Culture of Economically Important Plants. p. 427-428 (ed) G.M. Reddy (1987). Dept. of Genetics, Osmania University Hyderabad, INDIA.

3. S. Badari Narayan., D.P. Bhatt. and A.R. Mehta. Selection of cell line with low neurotoxin content. In Proceedings of National Seminar on Agriculture Biotechnology. p 34-39, Gujarat Agriculture university, Navasari, INDIA (1989).

4. S. Badari Narayan. and D.P. Bhatt. Biosynthetic studies on neurolothyrogen, oxalyl diamino propionic acid in cell cultures of Lathyrus sativus, poster presented at XIII All India Cell Biology Conference and Cell Biology Symposia (1989 Dec. 27th to 1990 Jan. 2nd.) at Center for Cellular and Molecular Biology, Hyderabad. INDIA (1990).

5. S. Badari Narayan. and D.P. Bhatt. Response of micro nutrients on seeds of different varieties of Lathyrus sativus L. (Communicated to Journal of Agronomy and Crop

Science) (1991).

6. S. Badari Narayan., D.P. Bhatt. and A.R. Mehta. In Vitro Studies on B-N-Oxalyl diaminoforapianic acid (ODAP) in respensian Cultures of L.Sativus. In: Proceedings of NATO-ASI, Recent Advances in Industrial Applications of Biotechnology, Ege University, Bornova, Turkey. Kluwer Acadmic Publishers, The Netherlands. (In Press, 1991).
