LIST OF TABLES

TABLE NO.		PAGE
2.1	Faculty-wise and Institution-wise Distribution of the Sample of Respondents.	107
2.2	The Break-up of the Sampled Respondent Teachers According to their Sex and Different Faculties.	108
2.3	The Break-up of the Sampled Respondent Teachers According to their Status and Different Faculty	109
2.4	The Break-up of the Sampled Respondent Teachers According to Their Upbringing and Different Faculty	111
2.5	The Break-up of the Sampled Respondent Teachers According to Their Leadership and Non-Leadership of Different Faculties	112
2.6	The Break-up of the Sampled Respondent Teachers According to their Exposure to Foreign Countries and Different Faculties.	113.
3.1	Number of Items in Each Component of the Experimental Draft of the ICDQ(Baroda Form III)	134
3.2	Correlation Analysis of the Experimental Draft of the ICDQ for Item Selection for the Experiment Draft.	139
3.3	Items Retained Under Different Dimensions in the Final Form of the ICDQ (Baroda Form III)	153

TABLE NO.		PAGE
3.4	Range of Pearson Product-Moment Coefficient of Correlations between Dimension Total Score Individual Items for the Final Form of the ICDQ (Baroda Form III).	155
3.5	Inter-Correlation (15x15) Matrix.	158
3.6	Original Principal Component Factor Matrix (12x5)	160
3.7	Rotated Factor Matrix (12x5)	163
3.8	Varimax Factor I.	165
3.9	Varimax Factor II	166
3.10	Varimax Factor III	167
3.11	Varimax Factor IV	168
3.12	Varimax Factor V	169
3.13	t-value of Items on Pupil Control Ideology	177
3.14	Students' Acts of Indiscipline	187
3.15	16 P.F. Test Profile.	190
4.1	Profile Chart	205
4.2	Illustration of How the Faculty Stanine Score of Faculty No.1 is obtained.	207
4.3	Climate-wise Distribution of Faculties.	208
4.4	Chi-Square Value of Organizational Climate Types of 15 Sampled Faculties.	210

TABLE NO.		PAGE
4.5	Percentage Distribution of Secondary Schools Climate-wise as Revealed in Some Previous Studies on Organizational Climate of Secondary Schools in Gujarat.	211
4.6	Mean Differences on OCDQ Dimensions in respect of Open and Closed Climate Schools.	216
4.7	Mean Differences on ICDQ (Baroda Form III) in Respect of Open and Closed Climate Faculties/ Institutions.	217
4.8	The Mean SD on the Twelve Dimensions of the Organizational Climate Department-wise According to the Three Types of Climates (Open, Intermediate and Closed).	219
4.9	Dimension-wise Comparison.	221
4.10	Illustration of How the Departmental Stanine Score of Department No.1 is obtained.	226
4.11	Classification of 57 Departments According to Closed, Intermediate and Open Climate Types.	227
4.12	Percentage Distribution of Three Climate Types Department-wise.	231
4.13	The Mean SD on the Twelve Dimensions of the Organizational Climate of Departments According to the Five Types of Departments.	234
4.14	Dimension-wise Comparison of Departments According to Their t-values.	238

TABLE NO.		PAGE
4.15	Significance Difference in Mean Perceptions of Deans and Faculty Teachers on ICDQ Dimensions.	247
4.16	The Relative Differences in Perceptions of Professors and Lecturers about Twelve Dimensions of ICDQ.	249
4.17	Significance of Difference in Mean Perception of Heads of Departments and Lecturers.	250
4.18	Faculty-wise Mean-Scores of Pupils' Acts of Indiscipline.	256
4.19	Faculty-wise t-value of Pupils' Acts of Indiscipline.	257
4.20	Comparison of Pupils' Acts of Indiscipline, Scores of University Teachers of Open, Intermediate and Closed Types of Faculties.	258
4.21	Significant Difference Between Pupils' Acts of Indiscipline and Various Types of Faculty Institutional Climate.	259
4.22	Analysis of Variance Data to test the influence of Categories of Climate on Students' Acts of Indiscipline.	262
4.23	Department-wise SAI : Mean, SD and t-values.	262
4.24	Correlation of Some ICDQ Dimensions with Students Acts of Indiscipline as Measured by the SAC.	267
4.25	Correlation of Administrative Behaviour Dimensions of the ICDQ with Students' Acts of Indiscipline.	276

TABLE NO.		PAGE
4.26	Coefficients of Correlation Between Administrative Dimensions of the ICDQ and Student Control Ideology (The SAI, Baroda Form III).	279
4.27	Faculty-wise SCI Score	284
4.28	The t-values of Faculty-wise/Institution-wise SCI.	286
4.29	Summary of Data and Analysis of Variance for the Relationship Between Institutional Climate and Student Control Ideology of the Faculties/ Institutions of the M.S.University of Baroda.	290
4.30	Department-wise SCI Mean, SD and t-value.	291
4.31	The Analysis of Variance Data for the Relationship Between the Climate Categories of the Departments and Personality Factors of their Heads.	295
4.32	Test of Significance for Pairs of Means on Factors A, B. G and Q_1 of Teachers of Different Categories of Departments using Scheffe' Test.	295
4.33	Faculty-wise Dogmatism.	300
4.34	Testing Significance of Differences in Mean Perception Scores of University Teachers.	301
4.35	Comparison of Dogmatism Scores of University Teachers of Open, Intermediate and Closed Types of Faculties.	302
4.36	Analysis of Variance data for the Influence of Categories of Climate on Dogmatism Level.	303

TABLE NO.		PAGE
4.37	Correlation Between Dogmatism Scores and OCDQ Sub-Test Scores.	304
4.38	Teachers' Dogmatism Characteristic	308
4.39	Climate-wise Comparison of SCI, DGM and SAI.	311
4.40	Intercorrelation Amongst Students Control Ideology, Dogmatism and Students Acts of Indiscipline.	312
4.41	Comparison of the SCI, DGM and SAI According to the type of the Department.	314
4.42	Relationship of Students' Acts of Indiscipline and the Control Ideology of Heads of Sampled University Departments.	320
4.43	A Comparison of the Pupil Control Ideology of the Departmental Heads and Teachers.	324
4.44	Chi-square Value of Institutional Climate According to Sex of the University Teachers who Perceived it.	329
4.45	Chi-square Value of Institutional Climate According to Professional Status of the Teachers	329
4.46	Chi-square Value of Institutional Climate According to Upbringing of the teachers.	330
4.47	Chi-square Value of Institutional Climate According to the Stay of University Teachers Abroad.	331
4.48	Chi-square Value of Institutional Climate According to their Leadership Experiences	333

TABLE NO.		PAGE
4.49	Multiple R and Regression Equation for Climate Score.	334
4.50	A Comparative Picture of the Coefficients Among the Predictors in Mehta's Study and the Present Study.	337
