

ACKNOWLEDGEMENTS

I express my deep gratitude and sincere thanks to Dr S. I. Vaid for his guidance and constant encouragement. Without his kind help, it would not have been possible for me to complete this work.

I am grateful to Prof. S. S. Merh the founder Head of the Department for creating conducive infrastructural facilities for research. Prof. M. P. Patel and Prof. P. P. Patel, Head, are thanked for providing departmental facilities, support and encouragement.

I am deeply indebted to Prof. L. S. Chamyal for his continuous encouragement, help, valuable guidance and inspiration at all stages of my research work. Sincere thanks are due to Dr. D. M. Maurya, for his invaluable help, support, encouragement and stimulating discussions. It would not have been possible to complete this work without his help and guidance. I am indebted to Prof. A. K. Singhvi and Shri Navin Juyal of PRL, Ahmedabad for providing OSL dates.

Dr. Rachna Raj provided unsolicited help and support at various stages of the study. Shri Subhash Bhandari and Dr. Bhawanising Desai provided untiring help during the field trips. I would also like to thank Shri Kenneth Christian, Shri Vasudev Issrani, Shri Atul Patidar, Shri Uday Bhonde, Shri C. P. Mistry for their help in many ways. Shri Sanjay Makwana is sincerely thanked for his help in the field.

Last but not the least, I would like to place on record the encouragement, support and affection received from my dearest wife Neelam, respected parents and all family members who patiently endured my absence and encouraged me to complete this thesis.

(N. Mulchandani)
