LIST OF TABLES

2.1	: Sampling break-up	99
3.1	: Pass percentages of the Population and Sample in the S.S.L.C.Examination	105
3.2	: Mean and S.D. of Mathematics Achievement and Academic Achievement	107
3.3	: Statistical Properties of MA-C	109
3.4	: Frequency Distribution of MA-C	109
3.5	: Mean and S.D. of Student Entry Characteristics	111
3.6	: Frequency Distribution of CEC	113
3.7	: Item-wise Analysis of KBOM	115
3.8	: Frequencies of Different Categories of ACA and ACM	116
3.9	: Frequency Distribution of ASC	117
3.10	: Statistical Properties of SES	118
3.11	:Frequency Distribution of SES	118
3.12	:Frequency Distribution of UTG	120
3.13	:Product-moment Correlations of Student Variables and Mathematics Achievement	121
3.14	: Frequency Distribution of QII	124
3.15	: Frequency Distribution of QIO	125
3.16	: Correlations of QII, QIO and MA	135
3.17	: Correlations of QII, QIO and MA-C	136

3.18	: Frequency Distribution of Teacher Experience	138
3.19	: Frequency Distribution of Teacher Interest	138
3.20	: Frequency Distribution of Teacher-rated Efficiency of Head Master	139
3.21	: Frequency Distribution of Teacher-rated Facilities for Teaching Mathematics	140
3.22	: Correlations of Teacher Variables with the Dependent Variables	141
3.23	: Frequency Distribution of Attention and Participation of Students	143
3.24	: Frequency Distribution of CEC-C,KBOM-C and CA	144
3.25	: Frequency Distribution of ACA-C, ACM-C and CM	144
3.26	: Frequency Distribution of SES-C	145
3.27	: Frequency Distribution of SR and PN	146
3.28	: Frequency Distribution of QCE	146
3.29	: Frequency Distribution of Non-absenteeism	147
3.30	: Correlation Matrix of Class Variables	148
3.31	: Frequency Distributions of Student body Characteristics of the School	151
3.32	: Frequency Distribution of School Locality and School Type	151
3.33	: Frequency Distribution of PAS	152
3.34	: Frequency Distribution of PSE	152

3.35	: Correlation Matrix of School Variables	155
4.1	: Stepwise Regression of Student Entry Characteristics on Mathematics Achievement	169
4.2	: Stepwise Regression of ACM, TN, ACA, SES and UTG on MA	172
4.3	: Stepwise Regression of Quality of Instruction, Teacher variables and Teacher Ratings of the class on MA	175
4.4	: Stepwise Regression of Student body Characteristics of the Class on MA	178
4.5	: Stepwise Regression of Student body Characteristics of the School on MA	180
4.6	: Stepwise Regression of SL, ST, PAS and PSE on MA	183
4.7	: Stepwise Regression of SL and ST on MA	184
4.8	: Stepwise Regression of All Independent Variables on MA	187,188
4.9	: System of Categorisation of Independent Variables for ANOVA and MCA	202
4.10	: ANOVA for MA in the Restricted Sample	204
4.11	: Multiple Classification Analysis of MA by CEC, TN, ACM, QIO and APS with SES: Restricted Sample	206
