

### ACKNOWLEDGEMENT

It would be impossible to do justice in a paragraph to many who have directly or indirectly contributed to my research work. There is a special pleasure in acknowledging the stimulus provided by Dr.R.A.Vora, Professor in Applied Chemistry Department, Faculty of Technology and Engineering, M.S.University of Baroda, Baroda whose firm but friendly insisting guidance at every stage of work and wealth of advice, indeed caused the work to be completed.

I am grateful to the Dean, Faculty of Technology and Engineering for keen interest in my work.

My thanks goes to Prof.J.M.Lohar, Head, Applied Chemistry Department, for providing adequate research facilities.

I am thankful to Prof.P.K.Bhattacharya, and Shri S.L.Patel for providing the elemental analysis in due time.

I gratefully thank R & D Department, Atul Products Ltd.and Atic Industries Ltd., Prof.Y.K.Agrwal, Shri I.H.Dhimar and Shri B.D.Patel for their help in geting IR spectra of the polymers.

I also thank R & D Centre, IPCL, Baroda,  
Shri Balkhar Singh, Shriram Research Institute, Delhi,  
Prof.S.R.Patel, Ex-Head, Chemistry Department, S.P.  
University, Vallabh Vidyanagar, Dr. Saran, Department of  
Physics, IIT, Kanpur, for TGA, DTA, DSC analysis of  
polymers and Shri S.K.Mehta for X-ray study.

I consider it my duty to inscribe my sincere  
gratitude to my family members especially to my MATERNAL  
UNCLES for their constant encouragement, inspiration and  
instant help throughout the course of this investigation.

My heartiest thanks goes to my better half DIPIKA  
for her encouragement for the study.

A word of thanks is due to the research grant of  
M.S.University of Baroda as financial assistance is duly  
acknowledged.

Finally,I owe a large debt of gratitude to all my  
colleagues and friends for their continuous enthusiastic  
encouragement, active help and co-operation. The entire  
staff of the department was helpful throughout the  
research work. To them I say "Thank you".

(R. G. PATEL)
