

PUBLICATIONS BASED ON THE WORK

1. Development and Monitoring of a Solar Refrigerator Based on Zeolite Water Adsorption Cycle, published in the Proceedings of the World Renewable Energy Congress, Reading, UK, September 1994.
2. Thermoluminescent Characteristics of Zeolite 13X, Published in the Proceedings of National Seminar on Luminescence and its applications, Luminescence Society of India, 1994.
3. Development and Monitoring of a Solar Refrigerator Based on Zeolite Water Adsorption Cycle, Presented at National Solar Energy Convention, Baroda, 1993.
4. Zeolite Based Solar Refrigerator, Published in the Proceedings of National Solar Energy Convention, Jadavpur, 1990.
