

## ACKNOWLEDGMENTS

The author is indebted to Dr. (Miss) Nalini Ogale, Reader and Head, Home Management Department, Faculty of Home Science, M.S. University of Baroda, for her valuable guidance, encouragement and help without which this study would not have been possible.

The researcher appreciates the help of Mr. Manindra Kharod of V-one Society and Mr. Narendra Patel of the Society For The Physically Handicapped for taking interest in the research and giving access to the resource material of their respective organizations. The investigator also wishes to thank the Superintendent of 'Apang Bal Gruh', 'Mook Badhir Vidyalay' and 'Blind Welfare Council' for their co-operation and help as and when needed.

The writer also takes this opportunity to thank Dr. A.M. Parikh and Mr. Gupta, from the department of Statistics, M.S. University of Baroda, for their guidance in statistical analysis.

Thanks are also due to Dr. Kailash Parikh, M.B.B.S; D.G.O., a gynaecologist, Dr. Khanapurkar M.B.B.S and Dr. I.K. Vithlani, M.B.B.S; D.C.H., a child specialist for their help over medical terminology used in the thesis.

The researcher expresses her sincere gratitude to her husband Shri Shyam Sunder Gandotra for his understanding, encouragement and constant support throughout the period of study. She is also grateful to her children for bearing with her and not demanding too much of her time and attention.

Last but not the least the author wishes to express her genuine appreciation of the respondents of her study who gave all the necessary information willingly on the several occasions that the researcher approached them. She will remain grateful for their interest and cooperation in making this study a fruitful one.

The researcher finally thanks Shri. K. Devadathen for his promptness and diligence in typing this thesis.
