

## A C K N O W L E D G E M E N T

This document would never have been complete without the constant support, encouragement, guidance of my mentor and Ph.D. guide Dr. R. K. George. He was always the voice of reason and inspiration; and knew just what to say to make me believe in myself. I would like to express my deep gratitude and thanks to him for the freedom he provided me throughout the course of my Ph.D. work. His encouragement and advise always provided me with new prospectives in the field of my research. The expertise that he shared me will remain a tremendous source of professional growth to me.

I am thankful to Dr. V. D. Pathak, Dr. S. RamaMohan and Dr. D. C. Vakaskar. Their expertise played an important role in the progress of my research, professional and personal growth. I would thank Dr. S. K. Vij, who during the crucial time of culmination of project gave me a very convenient working environment. Also, he had advised at times and helped me in taking important decisions.

Foremost, my parents Late Shri Suresh Chand Jain and Smt Usha S. Jain have always encouraged me to follow my dreams deserve special thanks. I wish to thank them who always provided me with invaluable guidance, moral support and without whose tangible and intangible support, my academic endeavors would not have been as fulfilling. I dedicate my Ph.D. work to them.

Of course, I am grateful to my husband *Kishor* for his constant support and encouragement and my kids *Ninad* and *Tanishq* as their playful energy levels were source of inspiration for this work.
