

CHAPTER - VIX

L I T E R A T U R E C I T E D

- 1.* Aitchinson 1894. as cited by (Kirtikar, K.R. and
B.D., 1933. Indian Medicinal
Plants. Vol. 1. Allahabad).
2. Bakshi, T.S., and 1952. The autecology of Mollugo
R.N. Kapil. nudicaulis Lamk. Buu, Bot.Soc.
Bengal. 6 : 45.
3. —————. 1954. The morphology and ecology of
Mollugo cerviana. The J. of
Indian Bot. Soc. 33 : 308.
4. Bal, S.N. and 1941. Senega and its substitutes.
S.C. Datta. Indian J. Pharm. 3 : 55.
- 5* Barumuller, J. 1894. as cited by (Kirtikar, K.R. and
B.D. Basu 1933. Indian Medicinal
Plants. Vol.I. Allahabad.
- 6* Burchard, 1890. Inaugural Dissertation, Rostock,
Chem. Zentr. 1890. I : 25.
- 7* Bessey, C.E. 1915. Phylogenetic taxonomy of
flowering plants. Ann. Mo. Bot.
Gard. 2 : 109.
8. Chamberlain, C.J. 1932. Methods in plant histology. 5th
revised Ed. Chicago.
9. Chopra, R.N. 1933. Indigenous Drugs of India.
Calcutta.

10. Chopra, R.N., R.N. Bhadwar and S. Ghosh. 1949. Poisonous Plants of India. New Delhi.
11. Chopra, R.N., S.L. Nayar, and I.C. Chopra. 1956. Glossary of Indian Medicinal Plants. New Delhi.
12. Croes, R., and R. Ruyssen. 1952. Desoxycholic acid as a standard for haemolysis by saponin. J. Pharm., Belg. 7 : 28.
13. Dutta, S.C. and B. Mukerji. 1950. Pharmacognosy of Indian Root and Rhizome Drugs. Calcutta.
- 14.* Dymock, W., C.J.H. Warden and O. Hooper. 1891. Pharmacographia Indica. London.
15. Fischer, R. 1952. Praktikum der Pharmakognosie. 3rd Ed. Vienna.
16. Government of India. 1946. The Indian Pharmacopoeial List. New Delhi.
17. —————. 1955. Pharmacopoeia of India. 1st Ed. New Delhi.
18. Gupta, B., and S.N. Bal. 1952. The Senegas of Indian Market. J. Sci. industr. Res. 11B : 116.
19. Hooker, H. D. 1885. Flora of British India. Vol. I. London.
20. Hossein, T., R.C. Guha., and B. Mukerji. 1943. Sci. and Cult. 9 : 167.
- 21.* Hutchinson, J. 1959. The families of flowering plants. Vol. I. Dicotyledons. 2nd Ed. Oxford.
22. Jaretsky, R. 1949. Lehrbuch der Pharmakognosie. 2nd Ed. Braunschweig.

23. Johansen, D.A. 1940. Plant microtechnique. New York & London.
- *
24. Jones, G.N. 1941. How many species of plants are there? Science. 94 : 234
25. Joshi, M.C., and O.P. Kamboj. 1959. Studies on the autecology of Gisekia pharnaceoides Linn. The J. of Indian Bot. Soc. 38 : 8.
26. Kirk, R.E., and D.F. Othmer. 1954. Encyclopedia of Chemical Technology. Vol. 12. New York.
27. Kirtikar, K.R., and B.D. Basu. 1933. Indian Medicinal Plants. Vols. I, II, & III. 2nd Ed. Allahabad.
- 28* Kofler, L., and G. Steidl. 1932. Occurrence and distribution of saponins in plant drugs. Arch. Pharm. 270 : 398.
29. Liebermann 1885. as given in (Fieser, L. and M. Fieser. 1959. The Steroids. New York).
30. Lyman, R.A., and J.B. Sprowls. 1955. Textbook of Pharmaceutical Compounding and Dispensing. Philadelphia & Montreal.
- 31* Margot, A. and T. Reichstein. 1942. Saponins from primula (primulic acids). Pharm. Acta Helv. 17 : 113.
32. Mazurek, I. 1951. Untersuchungen an den galenischen Zubereitungen Von Radix Primulae. Arch. d Pharm. 284/56 : 19.

33. Metcalfe, C.R.,
and L. Chalk. 1950. Anatomy of Dicotyledons.
Oxford.
34. McIlroy, R.J. 1951. The Plant Glycosides. London.
35. Moritz, O. 1936. Einführung in die Allgemeine
Pharmakognosie. Jena.
36. Mukerji, B. 1953. The Indian Pharmaceutical Codex.
1st Ed. New Delhi.
37. Nadkarni, K.M. 1954. Indian Materia Medica. Vols.
I & II. Bombay.
38. Patel, R.P.,
and P.B. Chemburkar. 1958. A rapid assay method for
penicillin. Indian J. Pharm.
20 : 159.
39. Peach, K.
and M. V. Tracy. 1955. Methoden der Pflanzenanalyse.
Vol. III. Berlin - Göttingen -
Heidelberg.
40. Pratt, R.,
and W.H. Youngken. 1956. Pharmacognosy. 2nd Ed.
Philadelphia & Montreal.
41. Qazilbash, N.A. 1956. Polygala senega and its
substitutes. Pharm. J. 163 :
108.
42. _____ . 1960. Pharmacognosy of Ephedra of the
Rigveda. The Pharm. J. 28 : 497.
43. Ramsted, E. 1959. Modern Pharmacognosy. New
York.
44. Ridgway, R.M.
and J.M. Rowson. 1956. Glinus oppositifolius L.
Root - A substitute for senega.
J. Pharm. and Pharmacol. 8 :
915.

45. Rosenthaler, L. 1930. The chemical investigation of plants. (English translation by Ghosh, S.) London.
46. Runge, P.A. 1952. Ein Beitrag zur Bestimmung der hamolytischen Wirksamkeit. Pharm. Acta Helv. 27 : 315.
47. Ruyssen, R. 1955. The quantitative assay of saponin and P. de Moerloose drug. J. Pharm. Belg. 10. : 281.
48. Shah, C.S. 1957. Pharmacognosy of Tuticorin and L.P. Aghara. yellow root - A substitute of senega. Indian J. Pharm. 19 : 97.
49. Shah, C.S., 1959. Pharmacognostic study of and A. Bhattacharya. Albizzia labbek Senth. bark. J. sci. industr. Res. 19C : 199.
50. Shah, C.S., 1959. Pharmacognostic Comparison of and P.N. Khanna. Indian, Pakistan and Delhi 'Senegas'. J. sci. industr. Res. 11B : 121.
51. Shah, C.S., 1957. Pharmacognostic study of Polygala L.S. Vyas, Chinensis Linn. Indian J. Pharm. and L.P. Aghara. 19 : 97.
52. Subnis, T.S. 1921-24. The physiological anatomy of the plants of the Indian desert. The J. of Bot. Soc. 1,2 & 3 : different pages.
53. Thakar, J.K.J. 1952. Vansspati Varnan (Flora of Barda Mountain). Bombay.
