

C O N T E N T S

	<u>PAGE</u>
<u>CHAPTER I : INTRODUCTION</u>	<u>(1-19)</u>
Purpose and Scope	1
Location, Limit and Extent	4
Geographic Setting	6
Flora	7
Fauna	10
Communication and Transport	11
Brief Geology	11
 <u>CHAPTER II : LITERATURE REVIEW</u>	 <u>(20-37)</u>
General	20
Early Studies	21
Problems and Controversies	24
	36
 <u>CHAPTER III : GEOMORPHIC SET UP</u>	 <u>(38-50)</u>
Main Physiographic Divisions of Kutch	38
Geomorphic Divisions of Study area	40
Southern Coastal Plains	41
Central Highland	45
Northern Hill Range	47
Drainage	48

CHAPTER IV : FIELD DISTRIBUTION

(51-128)

General	51
Obstacle Deposits	57
Windward Face Deposits	58
Leeward Face Deposits	58
Sheet Deposits	59
Valley-fill Deposits	60
Sheets at the base of Obstacle Deposits	61
Sheets as thin Veeners within Hilly Terrain	61
Sheets Resting on the Flat-topped Hills	62
Blockwise Description	70
Block I. Kotadi-Boha	70
Block II. Kotada-Roha	74
Block III. Devpur-Nakhatrana	82
Block IV. Tharawada-Bhimsar	85
Block V. Poldiya-Ratadia Nana	86
Block VI. Waramseda-Godpar	91
Block VII. Bhuj-Mandvi Rd -Sumrasar	97
Block VIII. Medisar-Jhura-Palanpur	102
Block IX. Kera-Wadli-Sanatorium	110
Block X. Ler-Lakhand-Bhujia Hill	115
Block XI. Habo Hill	122
Block XII. Bhachau-Anjar Rd	124

CHAPTER V : TEXTURAL AND COMPOSITIONAL CHARACTERISTICS (129-180)

Scope of Studies	129
Petrographic Studies	131
(A) Allochems	132
(a) Bioclasts	136
(b) Peloids	139
(c) Vadoids and Cortoids	141
(B) Detrital Particles	142
(C) Cement	144
First Generation Cement	149
Second Generation Cement	149
Textural Studies	151
Frequency Studies	163
Insoluble Residues Studies	164
Micropalaeontological Studies	170

CHAPTER VI : DIAGENESIS (181-219)

General	181
Lithification	186
Compaction	186
Cementation	193
Source of Calcium Carbonate Cement	194
Mechanism of Fresh Water Cementation	198
Cementation Phases	206
Vadoids	213

<u>CHAPTER VII : ORIGIN AND AGE</u>	(220-238)
General	220
Source Material	222
Sea Level Fluctuations	231
Problem of Age	234
<u>CHAPTER VIII : TRANSPORT AND DEPOSITION</u>	(239-259)
Preamble	239
Transport Mechanism	243
Deposition	252
<u>CHAPTER IX : RESUME</u>	(260-271)
<u>ACKNOWLEDGEMENTS</u>	272
<u>BIBLIOGRAPHY</u>	274
