

## C O N T E N T S

		PAGE NO.
	Summary	1
Chapter-I	Introduction	10
Chapter II A	Intramolecular Interligand Interactions in mixed - ligand complexes involving dipeptides and amino acids.	39
Chapter II B	Interligand Interactions in mixed - ligand complexes involving dipeptides and histidine.	68
Chapter III	Electrochemical studies of mixed - ligand complexes involving a dipeptide or histidine and another amino acid.	85
Chapter IV	Formation constants of some mixed - ligand complexes involving dipeptides and catechol or substituted catechol.	106
Chapter V	Interligand Interactions in mixed - ligand complexes involving dipeptides and auxins.	125
Chapter VI	Mixed - Ligand complexes involving dipeptides and aromatic amines : effect of $\Pi$ - acidity of the aromatic amines on the deprotonation of the peptide groups in the ternary complex.	142
Appendix	Abstracts of the publications based on present work.	171
