

ACKNOWLEDGMENTS

I take this opportunity to express my sincere thanks and gratitude to Dr. K. Ethirajulu, Professor of the Department of Chemical Engineering, for suggesting this problem and for his valuable guidance and encouragement throughout this work.

I am grateful to Shri Ashok Varma, Chief Engineer (Production), ONGC, Bombay, for his valuable guidance and suggestions in carrying out the field trial tests.

I sincerely thank the Management of ONGC Ankleshwar for granting permission for carrying out this work.

I am thankful to my colleagues and the staff of the Packer and wireline section at ONGC Ankleshwar for their cooperation and immense help rendered without which it would not have been possible to carry out the field trial tests.

I am also thankful to the staff of the Chemical Engineering Department for their help during the course of work.

I am grateful to Mr. Benny J. Fernandes for his immense help in the compilation of the thesis.

Finally, I want to thank my spouse, Sahaya Rani and my children, Andrew John and Benedicta Seeli, for their patience, love and understanding during this work.
