I would like to thank Prof. S. M. Joshi for his guidance and advice, without whom this success was impossible. I also thank Prof. S. M. Joshi for keeping faith in my abilities and encouraging me to perform to the best of my capabilities.

I would like to express my heartfelt gratitude to Dr. M. Ramamoorthy for his inspiring guidance and encouragement throughout the whole endeavor. I am fortunate to have worked with him and witnessed his dedication towards research.

I am grateful to ERDA Management for providing me the facilities and infrastructure to carry out the work at ERDA, Vadodara.

My thanks are also due to my senior colleague Shri Vinod Gupta for his continuous technical support and motivation during execution of my research work.

I am thankful to my colleague Vivek Vora for his valuable support during the fabrication and testing of circuits. My grateful thanks are due to my other colleagues both at ERDA & EMCO Ltd.

I am also grateful to many others who have made it possible for me to complete this work

Without my family's sacrifice and support, this study would not have been possible. I would like to thank my parents, my beloved wife and my daughters for their unconditional love and constant encouragement in all my endeavors.
