29	Distribution of consumers according to extent of utilization of Organically grown vegetables	
30	Distribution of consumers according to their utilization of organically grown fruits	
31	Distribution of consumers according to extent of utilization of Organically grown fruits	
32	Distribution of consumers according to their utilization of organically grown nuts	
33	Distribution of consumers according to extent of utilization of organically grown nuts	
34	Distribution of consumers according to their utilization of organically grown cereals	
35	Distribution of consumers according to extent of utilization of organically grown cereals	
36	Distribution of consumers according to their utilization of organically grown pulses and legumes	

Table No.	Titles	Page No
37	Distribution of consumers according to extent of utilization of organically grown pulses and legumes	
38	Distribution of consumers according to their utilization of oil of organically grown nuts and seeds	
39	Distribution of consumers according to extent of utilization of oil of organically grown nuts and seeds	
40	Distribution of consumers according to their utilization of Organically grown condiments and spices	
41	Distribution of consumers according to extent of utilization of organically grown condiments and spices	
42	Distribution of consumers according to their utilization of organically processed sugar, jaggery and honey	
43	Distribution of consumers according to extent of utilization of organically processed sugar, jaggery and honey	
44	Distribution of Consumers according to their utilization of ready to eat organic food items	
45	Distribution of consumers according to extent of utilization of ready to eat organic food items	
46	Distribution of Consumers according to the extent of utilization of all organic food items	
47	Weighted mean score for the extent of utilization of organic food for different food groups	
48	Distribution of consumers according to the problems they faced while using organic food	
49	Distribution of consumers according to extent of problem they faced while using organic food	
50	Weighted mean score (Intensity Index) for the extent of problems faced while using organic food	
51	Distribution of consumers according to the satisfaction felt on using organic food	

Table No.	Titles	Page No
52	Distribution of consumers according to extent of satisfaction felt on using organic food for various aspects	
53	Weighted mean score for the extent of satisfaction felt on using organic food on various aspects	
54	Analysis of Variance showing variation in extent of influence of reasons by age, family size and family income of the consumers	
55	t- test showing difference in the extent of influence of various reasons by education, employment, family type, and exposure to organic food of consumers	
56	Analysis of Variance showing variation in Extent of utilization of organic food by age, family size and family income of consumers	
57	t test showing difference in Extent of utilization of Organic food by Education, Employment, Family type and time period of using organic food	
58	Analysis of Variance showing variation in problems faced by Consumers while using organic food by Age, Family Size and Family Income of consumer	
59	t test showing difference in problem faced by consumers while using organic food by education, Employment, Family type of consumer and Time period of using organic food by consumers	
60	Analysis of Variance showing variation in satisfaction felt on using organic food by consumers by Age, Family Size and Family Income of respondent	
61	T test showing difference in satisfaction felt on using organic food by Education, Employment, Family type of consumers and time period of using Organic food	
62	Co-efficient of correlation showing relationship between
