ACKNOWLEDGEMENT	
PREFACE	
CHAPTER - I	
1.0 INTRODUCTION .....	1
1.2 SCOPE OF WORK .....	2
1.3 AREA OF STUDY .....	3a
1.3a GEOLOGY OF BROACH DEPRESSION .....	3a
1.3b PRESENT AREA OF WORK .....	3a
1.4 SAMPLING PROCEDURE AND METHODOLOGY .....	7
1.5 BRIEF DESCRIPTION OF THE WELL SECTIONS AND DETAILS OF CORES AND CUTTINGS .....	11
CHAPTER - II	
2.1 GENERAL GEOLOGY, STRATIGRAPHY, SEDIMENTATION HISTORY, AND TECTONICS OF THE CAMBAY BASIN WITH SPECIAL REFERENCE TO BROACH DEPRESSION.	26
2.1.1 Mesozoic sedimentation history and tectonics .....	29
2.1.2 Cenozoic sedimentation history and tectonics .....	30
CHAPTER - III	
3.1 PALEOZONE : RESUME OF THE PREVIOUS WORK .....	34
3.2 WORK DONE IN INDIA .....	34
3.3 WORK DONE IN ABROAD .....	46
CHAPTER - IV	
4.0 SYSTAMETIC PALYNOLOGY .....	51
4.1.1 Pteridophytic spores .....	52
4.1.2 Angiospermous pollen .....	92

4.1.3	Gymnorpermous pollen .....	204
4.1.4	FUNGI .....	204
4.1.5	Microplankton .....	217
4.1.5a	Dinoflagellates .....	219
4.1.5b	Acritarchs .....	247
CHAPTER - V		
5.0	PALYNOMORPHS AND BIZONATION	
5.1	Distribution of Palynomorphs .....	249
5.2	Biozonation .....	250
5.2.1	Monocolpopollenites sp-Proxapertites sp .....	251
	assemblage zone.	
5.2.2	Polybrevicolporites cephalus-Pellicieripollis .....	252
	langenheimii assemblage zone.	
5.2.3	Proxapertites cursus-Polycolpites flavatus .....	253
	assemblage zone.	
5.2.3	Palmaepollenites kutchensis-Margocolporites .....	255
	tsukadai assemblage zone.	
5.2.4	Magnastriatites howardii-Couperipollis .....	257
	rarispinosus assemblage zone.	
CHAPTER - VI		
6.0	PALYNOFOSSILS AND STRATIGRAPHIC BOUNDARIES .....	259
6.1	Stratigraphic boundaries .....	259
6.1.1	Paleocene/Early Eocene boundary .....	259
6.1.2	Early Eocene/Middle Eocene boundary .....	260
6.1.3	Middle Eocene/Upper Eocene boundary .....	261
6.1.4	Upper Eocene/Oligocene boundary .....	261

CHAPTER - VII

7.0 STRATIGRAPHIC CORRELATION ..... 263

CHAPTER - VIII

8.0 PALEODEPOSITIONAL ENVIRONMENT ..... 267

8.1 Montane plant complex ..... 267

8.2 Inland plant complex ..... 268

8.3 Fresh water plant complex ..... 268

8.4 Fern complex ..... 269

8.5 Palm complex ..... 269

8.6 Xerophytic plant complex ..... 270

8.7 Low salinity water plant complex ..... 270

8.8 Prohaline water plant complex ..... 270

8.9 Tidal mangrove complex ..... 271

8.10 Marine microplankton complex ..... 271

8.11 Paleoenvironmental interpretation for different  
formations. .... 271

8.11.1 Olpad Formation ..... 272

8.11.2 Cambay Formation..... 273

8.11.3: Ankleshwar Formation ..... 275

8.11.3a Hazad Member ..... 275

8.11.3b Kanwa Shale Member ..... 277

8.11.3c Ardol Member ..... 279

8.11.3d Telwa Shale Member ..... 281

8.11.3e Dadhar Formation ..... 283

CHAPTER - IX

9.0 SUMMARY AND CONCLUSIONS ..... 286

BIBLIOGRAPHY ..... 292
