

LIST OF GRAPHS

Graph No.	Title	Page No
3.1	Yield points for fabric A in warp, weft and bias direction	60
4.1	Elongation property of woven fabrics	80
4.2	Elongation property of knit fabrics	81
4.3	Comparison of elongation property of fabrics under study	82
4.4	Shrinkage behaviour of fabrics treated with and without detergent solution	83
4.5	Air permeability of treated and untreated fabrics under study	85
4.6	Recovery behaviour of plain weave fabric under cyclic loading	89
4.7	Recovery behaviour of twill weave fabric under cyclic loading	92
4.8	Recovery behaviour of single jersey fabric under cyclic loading	95
4.9	Recovery behaviour of rib knit fabric under cycling loading	98
4.10	Comparison of elastic recovery of fabrics under study	99
4.11	Comparison of seam strength of woven fabrics	101
4.12	Seam strength of knit fabrics	102
4.13	Comparison of seam strength of fabrics under study	103
