

## LIST OF TABLES

Table No.	Name of Table	Page No.
<b>Table 1.1</b>	Objectives of science, mathematics and social science as per NCF 2005	24
<b>Table 3.1</b>	Sample Distribution for Experimental and Control Groups	83
<b>Table 3.2</b>	Components selected for the Scientific Temper Scale along with their Behavioural Terms	85
<b>Table 3.3</b>	Correlation of each item with the total score at 0.05 level of significance	87
<b>Table 3.4</b>	Inter-correlation of total score with 8 components of Scientific Temper Scale	89
<b>Table 3.5</b>	Item wise Detailed Scoring Procedure of the Scientific Temper Scale	90
<b>Table 3.6</b>	Subject-wise and chapter-wise distribution of sub topics having scope for developing Scientific Temper (ST) along with the strategies used	91
<b>Table 4.1</b>	Mean, Standard Deviation (SD) and Standard Error (SE) of Mean wise distribution of pre-test and post-test score of scientific temper of control group component wise and as a whole with the N of 32	101
<b>Table 4.2</b>	Mean, Sum of the Ranks (SR), U-Value (U), Z-Value (Z) and Level of Significance wise distribution of pre-test and post-test score of scientific temper of control group component wise with the N of 32	106
<b>Table 4.3</b>	Mean, Standard Deviation (SD) and Standard Error (SE) of Mean wise distribution of pre-test and post-test score of scientific temper of	109

	experimental group component wise and as a whole with the N of 32	
<b>Table 4.4</b>	Mean, Sum of the Ranks (SR), U-Value (U), Z-Value (Z) and Level of Significance wise distribution of pre-test and post-test score of scientific temper of experimental group component wise and as a whole with the N of 32	113
<b>Table 4.5</b>	Mean, Standard Deviation (SD) and Standard Error (SE) of Mean wise distribution of post-test score of scientific temper of experimental and control group component wise and as a whole with the N of 32	118
<b>Table 4.6</b>	Mean, Sum of the Ranks (SR), U-Value (U), Z-Value (Z) and Level of Significance wise distribution of post-test score of scientific temper of experimental and control group component wise and as a whole with the N of 32	123
<b>Table 4.7</b>	Summary of the Reactions of the Students towards the Statements related to the Developed strategies to Enhance Scientific Temper in terms of Percentage Response and Intensity Index (II)	128
