

LIST OF TABLES

TABLE NO.	CONTENTS	PAGE NO.
3.1	Dimensions and Indicators of Globalization	59
4.1	Decadal Comparison of FDI to GDP Inflows in India	83
4.2	Number of Sectors with 100 Percent FDI Limit	85
4.3	Sectors with 100 Percent FDI Limit	85
4.4	India's Trade Agreements	91
4.5	India's Membership in Foreign Organization	94
4.6	Economic Globalization Total Variance Explained	114
4.7	Economic Globalization Component Matrix	115
4.8	Economic Globalization Component Score Coefficient Matrix	115
4.9	Financial Globalization Total Variance Explained	117
4.10	Financial Globalization Component Matrix	118
4.11	Financial Globalization Component Score Coefficient Matrix	119
4.12	Political Globalization Total Variance Explained	121
4.13	Political Globalization Component Matrix	121
4.14	Political Globalization Component Score Coefficient Matrix	121
4.15	Technological Globalization Total Variance Explained	123
4.16	Technological Globalization Component Matrix	123
4.17	Technological Globalization Component Score Coefficient Matrix	124
4.18	Social Globalization Total Variance Explained	126
4.19	Social Globalization Component Matrix	127
4.20	Social Globalization Component Score Coefficient Matrix	127
4.21	Overall Globalization Total Variance Explained	130
4.22	Overall Globalization Component Matrix	132
4.23	Overall Globalization Component Score Coefficient Matrix	133
4.24	Growth in Composite Index of Globalization	135

4.25	Normality Test	137
4.26	Correlation (Spearman Rho) Between Dimensional Indices of Globalization	138
4.27	Growth in Dimensional Indices of Globalization	146
5.1	Cointegration between Economic Growth and Globalization using Trace Statistics	150
5.2	Cointegration Between Economic Growth and Globalization Using Maximum Eigenvalues	152
5.3	Granger Causality Between Indicators of Globalization Economic Growth	155
5.4	Cointegration Between Economic Growth and Globalization Using Trace Statistics	159
5.5	Cointegration Between Economic Growth and Globalization Using Maximum Eigenvalues	160
5.6	Granger Causality Between Economic Growth and Globalization Indices	161
5.7	Models Using Total Factor Productivity as Dependent Variable	165
5.8	Models using Gross Domestic Product (LGDP) as Dependent Variable	169
5.9	ARDL Model Using Government Expenditure on Education Dependent Variable	183
5.10	ARDL Model Using Gender Inequality Index as Dependent Variable	186
5.11	ARDL Model I Using Unemployment to Total Labour Force as Dependent Variable	189
5.12	ARDL Model II Using Unemployment to Total Labour Force as Dependent Variable	190
5.13	ARDL Model I Using GINI as Dependent Variable	192
5.14	ARDL Model II Using GINI as Dependent Variable	194
6.1	Matrix of Trend of Indicators of Globalization	228
6.2	Matrix of Trend of Indicators of Socio-Economic Development	236
