

## ACKNOWLEDGEMENT

I am overwhelmed and humbled and feel grateful to be able to acknowledge my in depth gratitude to all those who have helped me to put these ideas, well above the level of simplicity and into something concrete. First and foremost, praises and thanks to The God, The Almighty, for showering his blessings throughout my research work to complete the research successfully.

Next comes my family, I believe that in order to achieve anything in life, the support of family is important. Without the blessings and support of my mother, Dipti R. Trivedi, Father, Rajesh M. Trivedi, I would not have been where I am today. It is their teaching, sacrifices and ethics and principles that have helped me to enter the field of Dance for which I would always be indebted to them. I am grateful to my in-laws Mr. Ashok G. Dave and Mrs. Shobha A. Dave, for their continuous love, help and support. Thanks to my sister Mosami Trivedi, she has been an immense help in the technical aspect of this research like editing, formatting and many other such aspects. Throughout this journey, especially while I was pregnant, my grandfather, CBI Judge Mr. Kamlesh Dave, his wife Mrs. Chandrakala Dave, Adv. Yash Dave, and Dr. Manisha Dave provided me with tremendous moral support. Special thanks to my husband Jigar A. Dave and my daughters Riwa J. Dave and Viha J. Dave, who has been my pillar of strength. My husband has stood by me through all my travails, my absences, my fits of pique and impatience. He gave me support and help, discussed ideas and prevented several wrong turns. I thank him whole heartedly for helping me translate this mammoth thesis, without his support and hard work it would not have been possible to conduct my research at ease.

I would like to thank my research guide Dr. Ami Pandya, for giving me the opportunity to do research and providing invaluable guidance throughout this research. Her dynamics, vision, sincerity and motivation have deeply inspired me. She has constantly worked with me, pushing me to work harder and deliver my best. I am extremely grateful for all the efforts that she has put in. In fact, I would like to thank her, her empathy and great sense of humor. I wanted to thank her family for their patience during the discussions I had with her on research work and thesis preparation which kept her away from her family.

I want to thank my guru Smt. Priya Joshi, for imparting immense wealth of knowledge and wisdom and having faith in me throughout my journey.

I would also like to thank all my teacher for guiding, molding and encouraging me. I am humbled and grateful. Thanking Dr. Rajesh Kelkar sir for supporting me, special thanks to

Prof. Dr. Gaurang Bhavsar sir for helping, encouraging and motivating me, by being my philosopher and guide in this journey.

I would like to thank Akshita Bajpai for helping me in thesis alignment. It is a humbling experience to acknowledge those people who have, mostly out of kindness, helped me along the journey of my PhD. I am indebted to so many for their encouragement and support.

I would like to extend my gratitude towards Dr. Nikunj Upadhyay, Dr. Annamalai, Dr. Surjeet Chakraborty, my trainer and teacher Mrs. Smita Patil for helping me collect data for my PhD work. I would like to thank all the authors and editors of various newspapers, magazines and journals.

Lastly, I would like to thank anyone whom I have forgotten to mention here and who has directly or indirectly played an instrumental role in helping me complete this work.

Thank you!
