

ACKNOWLEDGEMENT

I express my deep sense of sincere and profound gratitude to my Ph.D guide Dr R.K. George, Reader, Department of Applied Mathematics, Faculty of Technology & Engineering, M. S. University of Baroda, Vadodara. I gratefully and heartily acknowledge the indebted to him for his excellent guidance with constant pain and sustain guidance in the new direction with encouragement and keen interest in this work with appropriate discussion, inspite of his busy schedule. I owe a great deal to him for going through the manuscripts up to the completion of this work. I am always thankful to his wife and children who have cooperated during course of investigation, without them completion of this work would not have been possible.

I am always thankful to Professor V. D. Pathak and Professor & Head, Dr. Rammohan Department of Applied Mathematics, Faculty of Technology, M. S. University of Baroda, Vadodara for giving me opportunity to do this work. I am also, thankful to staff of the Department of Applied Mathematics, Faculty of Technology, M. S. University of Baroda, Vadodara for cooperation.

I would like to convey my heartfelt thanks to Retd. Professor P. D. Mistry, Director of Basic Sciences and Humanities, Gujarat Agricultural University, Anand, for guiding and encouraging me in the direction of Meteorology. Problem formulation of this work was not possible without the initiation of Dr. Arvind M. Shekh, Principal and Dean, faculty of Agriculture, Anand Agricultural University, Anand. I will be always debt to him for giving me time during this work for required direction in the field of agriculture and Meteorology.

I express my sincere thanks to staff of the Department of Agricultural Meteorology, B. A. College of Agriculture for their cooperation and help whenever required. I acknowledge the authority of Anand Agricultural University for permitting me to use the Meteorological data required for present work.

I am thankful to the authority of Anand Agricultural University for permitting me to carry out my research for Ph.D programme.

Thanks to Mr. Vimal Patel, Inside Solution, Anand, for providing me computer hardware repairing facility on a personal level whenever it is badly needed during the work.

I want to express my gratitude to my respectable father and late mother for encouragement for Ph.D work. Last but not least, I show my thanks to my beloved little daughter who has always showed the patience up to the completion of the work and she is the great source of my strength during this time.

Last but the least the constant support by my husband is valued to me for the life.

A handwritten signature in black ink, which appears to read "Manjusha Kulshrestha".
