

LIST OF PAPER PRESENTED IN CONFERENCES:

1. Formulation and Optimization of Flutamide liposomes by 3^2 factorial design. **55th IPC, 2003**, Scientific Abstracts, A (69), Pg No: - 27. **(Oral)**
2. Pharmacokinetic and biodistribution studies of iv administered flutamide liposomes prepared by high-pressure homogenization for possible reduction in hepatotoxicity. Abstracts, 2004, **State level paper presentation competition by GUJCOST**, Pg No: 12. **(Oral)**
3. Pharmacokinetics and tissue distribution of flutamide liposomes in rats. . **56th IPC, 2004**, Scientific Abstracts, F (4), Pg No: - 72. **(Oral)**
4. A reverse phase HPLC method for estimation of flutamide in plasma. . **56th IPC, 2004**, Scientific Abstracts, G (16), Pg No: - 82. **(Oral)**
5. Formulation Design and Optimization of Flutamide liposomes. Abstracts, 2003, **State level paper presentation competition by GUJCOST**, Pg No: 11 **(Oral)**.
6. 6-Mercaptopurine entrapped stealth liposomes for improvement of therapeutic efficacy, prolongation of circulation half-life and reduction of hepatotoxicity and nephrotoxicity. **6th International Symposium on NDDS, CRS Indian Chapter**, Mumbai, Feb-2005 **(Poster)**.
